Preface

In my arduous search to fill an inexplicable void in my life, I was divinely led to the doors of Guruji.

This book is my humble offering at the Lotus Feet of Guruji and my earnest effort to share with you all what we get to experience in our lives when we are under “*Guruji’s Umbrella of Blessings*”. Words fall short to express the *Mahima* of Guruji and how beautifully He blesses all those who come to Him by altering the path of their lives by His spiritual powers.

Lucky are those whose lives have actually been touched by Him! I am deeply indebted to Him for touching mine.

With His countless blessings, each day is a learning experience and I continue to live magically each day.

Lastly, I urge everyone reading this book to completely surrender yourselves to Guruji and have complete faith in Him to lead a magical life.

Jai Guruji!

Incarnation of Lord Shiva!

The vehicle of Lord Shiva!

Symbol of being in Awareness!

Before you go into a temple, you must possess the quality of Nandi. Nandi – the vehicle of Lord Shiva symbolises eternal waiting, immense patience and yet being in an active state. Nandi is not expecting Shiva to come out. He is not anticipating anything at all. He is simply waiting. He will even wait forever. This quality is the essence of receptivity.

One must know how to simply sit and wait and this itself is naturally meditative. One must not go to a temple with a desire to go to heaven or to achieve something. One must learn to simply sit and wait.

Meditation is often understood as some kind of activity. Rather it is a quality. It is not about becoming a different person or a new person altogether but it is a process of training your mind to focus and redirect your thoughts and get a healthy sense of perspective. Being in a meditative state, means, you are willing to listen to God. One must accord great importance to meditation.

Meditation will invite God into our lives and this in turn will deepen our trust in God. It takes you to the depths of who you are. It makes you realise the eternal truth and let go of all that had happened and will happen. By meditating, no doubt our faith in God will intensify. Faith is what brings us closer

to God. Faith holds great relevance to our being. It nourishes our heart and soul.

Meditation is a medium to connect with God and with one's inner self and attain peace. One must not regard meditation as some kind of activity but practice it to connect with God and not with a desire to achieve something.

Just like Nandi-the vehicle of Lord Shiva, one must learn to have patience and sit in a meditative state yet being active and aware in order to attain inner peace and make a connection with God. It must be done without any intention to accomplish any goals or to fulfil any worldly desires but to connect with one's inner self and God.

The Power of Gurbani

The Guru's Word (Gurbani) is what the Guru spoke. It is the mirror of one's mind. The wisdom of Gurbani is meant to awaken the mind from the perpetual slumber of delusion. It is the imprint of the essence of God. It is the pathway to God. Anyone who has recited Gurbani with his or her whole heart knows that it has the power to alter one's consciousness. If an ordinary human being speaks it, it will always elevate him or her to that state of consciousness of the Guru. The Guru's consciousness is united with God, so the person will automatically get united with God if he or she speaks the same words.

Concentration on the construction of the word, and the sound is the proper way to recite Gurbani. Then you must listen to your own construction of the Gurbani. As you are creating the sound, the meaning will automatically come to you, now or later. You do not need to study it. You simply have to experience it. It is an individual effort. Read Gurbani in the way Guru says it, and understand it, and you will be in such ecstasy you will not believe it!

Gurbani has the power to surmount the impossible. It cleanses your mind and protects you from the vices. Gurbani is that detergent that cleanses the mind of its dirt. The more you recite Gurbani, your mind will become clean and will hold the meaning of Gurbani in your heart.

In the Sri Guru Granth Sahib, each shabad has its own individual domain, power, riddhi (worldly riches), siddhi (spiritual power), and nau niddhi (nine treasures). Shabad is a part of the power of God, and when the Shabad merges in you and becomes you, then you experience your own divinity.

Gurbani has to be understood by the heart, not by the head. There is no power in the head. It is in the heart. The head is to give to God and the heart is for you. That is why on that historic Baisakhi day in 1699, Guru Gobind Singh asked for the head, and not for the heart. Whosoever lives with head to God and heart for self, that prayer is complete. The entire Sri Guru Granth Sahib is the calling of the lover for the Beloved. It is in naad.

Naad means "the essence of all sounds." All languages contain sounds, which relate to one or more of the five elements of air, fire, water, earth and ether. Gurbani is a perfect combination and permutation of sounds relating to all the five elements in complete balance.

When Guru Arjan Dev Ji, the fifth Guru Nanak, compiled the Sri Guru Granth Sahib in 1604, He only put in those selections which were composed in naad. These compositions were called the Guru's Bani, or Gurbani.

When we break up the words, 'Sri Guru Granth Sahib,' into their naad, the syllables of each word tell the essence of the meaning of Sri Guru Granth Sahib. Every word has a naad, and every naad has a combination.

Sri means the entire light of the sun's creativity, Lakshmi. Whatever has been created, whatever is possibly created, shall be created or can be created, is called Sri, “great.”

Guru ("Gu" means darkness, and "ru" means light) means from darkness to light, from ignorance to knowledge. Guru is one who gives you the technology to remove your ignorance.

Granth ("gra" means knot, "a" means ultimate, and "naath" means owner, master, God) is that which creates the ultimate knot with God. Anything which creates the ultimate knot with God is called a granth. Granth is not a book and can never be a book. Sahib (saa means “light,” infinity, and hib means “now”) is the totality of here and now.

The Sri Guru Granth Sahib is the Guru, and it contains the Guru. It is a medium of experiencing one's own divinity. Sri Guru Granth Sahib has the power to give one the experience of God because it is a Sri Guru. Thus, whoever utters the Bani of Satguru literally drinks Amrit.

What does Seva mean?

Seva is a Sanskrit word that describes the act of selfless service. Its meaning is said to be embodied by the root words ‘*saha*’, meaning ‘*with that*’, and ‘*eva*’, meaning ‘*too*’ which together mean ‘*together with*’.

Seva is an expression of compassion for others and a genuine desire to help those around you. It is performed without any expectation of result or award for performing it.

While many of us feel drawn to help others, our mind or the ego, tends to drop in and voice its own thoughts. Perhaps secretly we hope for recognition or acknowledgment for our good deeds. But the moment we serve with the essence of seva in mind, we begin to see the myriad of ways the ego is standing in front of the heart. This paves way to step over the ego and listen more deeply to our heart. Seva ultimately becomes a practice of purification.

The sacred Hindu text, the *Bhagavad Gita*, encourages selfless service as a way to develop spiritually. By performing seva one is said to transform one’s personality. Performing seva may be a challenging task as it may raise personal difficulties for the people doing it. They may discover their own aversions to certain aspects of the work. However, through mindful awareness of these challenges, seva can be a powerful tool for people to learn more about themselves, their personalities and the patterns of behaviour or thought that are no longer serving them. In this way, performing seva can be a form of

personal and spiritual development.

Guruji said “*Gupt daan deya karo. Is tarah daan deyo ki right hand ko pata na chale ki left haath ne kya diya hai. Hamesha left hand se daan do kyonki left hand khulla daan karta hai. Right hand hamesha sochega ki main kuch wapas rakh lawan. Gupt daan aur gupt path se garbh jooni se mukti mil jaati hai.*”

What is the need to do seva?

Seva nurtures our love for Waheguru and the Sangat. This love can help the person doing seva in his/her spiritual journey. Though the sewak has no desire for anything in return but he/she can still be blessed with the wealth of *Naam* or the company of *sat sangat*.

Seva contributes to the development of a community by bringing it together. Seva if done with true love for Waheguru can inspire and motivate others to do the same. When done with pure intention and *dhyaan*, it intensifies one’s interest for spiritual progression.

Thus, seva done with an expectation for a reward in future or getting acknowledged for the same, is not seva. Seva done with pure intention and love for Waheguru and with an intention to help others, is true seva.

Our Guruji – An epitome of Love and Compassion

Guruji incarnated in Dugri village at Malerkotla, Punjab (India) to bless and enlighten the whole human fraternity. He spent His childhood and teen years around Dugri village and attended college to earn a Master's degree in both Economics and Political Science.

Born with a strong inclination towards spirituality, Guruji is the treasure of knowledge and enlightenment that humans have been seeking for long. Guruji being an epitome of love and compassion, blessed each one who came to Him. People from all over India and other parts of the World connected with Guruji and received numerous blessings in various forms as their diseases were cured, legal, financial and emotional issues were solved and their lives became easier with His Grace.

Guruji treated all those who came to Him equally and His doors were open for people belonging to different caste, religion and social status. People from different walks of life and belonging to different strata of society came to Guruji to lessen their sufferings and received countless blessings of Guruji.

Guruji blessed those sitting close to Him as well as those sitting far away from Him. He even blessed those praying from the remotest area of the world. He often told to His devotees to pray to Him in their heart and Guruji shall listen and answer their prayers irrespective of where they are. The

only condition to receive Guruji's blessings was to completely surrender oneself to Guruji and have unconditional faith in Guruji and His ways, and it still is.

Guruji is a giver and in return He never expected anything from anyone. We are too trivial to give Him anything for the blessings that He keeps showering on us. What we can give Him is our true love, devotion and complete faith in Him. We must accept His ways and His timings as He can foresee what is good for us and He will bless us when the time is right and in the way which He feels is right for us.

“ख दी रजा दे विच राजी रहना सीख ले”

Guruji is the Creator of the Universe, for He has written our fate and only He is the one who can re-write it as well. There is nothing impossible for Guruji. His blessings aren't just for this lifetime but last till one attains salvation. Guruji never asked His devotees to not worship any other God as Guruji Himself is the God of Gods. Some of His truest devotees had rare divine darshan of deities in the form of Guruji. Guruji is the Supreme Lord Himself.

People can guide you to walk on the path of salvation but it is Guruji who will ultimately help us attain salvation. He takes the burden of His devotees upon Himself. Their problems become His and He spirits them away. Like a loving father, He guards over the faithful and brings happiness not only in the lives of the devotee but also in the lives of those whom the devotee holds dear. Nothing under Guruji's protective umbrella is by chance, everything is by His choice alone. And

His choice ensures a devotee the brightest destiny possible, one that is often beyond the limits of the devotee's imagination.

Guruji neither delivered sermons nor performed any rituals to bless His devotees. His messages were passed on to His devotees in a way only they could know and this 'connection' with Guruji proved to be a transforming experience for them. Their lives were uplifted to a completely new level. Guruji's form radiated a divine fragrance similar to heavenly roses and devotees can feel His presence even today, in the form of His fragrance.

Guruji left His physical form and attained Mahasamadhi on 31st May 2007 with no successor behind as the 'divine light' doesn't have any. He reiterated that devotees can always get connected with Him through prayers and meditation. In South Delhi, India, there is a grand temple of Guruji, better known as '*Bade Mandir*'. Guruji might not be present in His physical form today but His blessings doesn't fail to reach even those who didn't meet Him ever.

We are indeed very lucky to have Him and His countless blessings in our lives and the least we can do for Him, as an ordinary person, is to love Him unconditionally.

Guruji's Teachings

- ॐ Health is a person's real wealth.
- ॐ Your children, when they turn out well, are your actual earnings.
- ॐ If you are affected by what another's opinion of you is, you would be under that person's control. Be under your own control.
- ॐ Never gossip about another person sarcastically: they would receive your share of blessings and you would get their negativity.
- ॐ You can never see God. Love Him, don't ever be scared of Him. But love Him with respect.
- ॐ One should not depend too much on pundits. What if a particular one is not well-versed? Birth stones that are worn for prosperity and good health can themselves have a negative influence and, therefore, should not be worn.
- ॐ The Bade Mandir has the power of twelve holy places. Whoever comes here would receive my blessings.
- ॐ Devotees should narrate the blessings they have received. Satsangs confer blessings both on the narrator and on the listener.
- ॐ The prayer of the highest order happens when a husband and wife look after each other, they together look after their children and keep their house happy and worry-free.

- ॐ Always eat bitter things like gourd and gooseberry. They not only strengthen your gums but purify your blood. Eating turmeric is also good for health.
- ॐ Lord Ganesha's rightful place is in a temple at home, not as a paper weight or as a decoration piece on the floor of people's houses.
- ॐ The home too is a spiritual centre. Expensive paintings used for home decoration carry the feelings of the artist. Your home could thus become a recipient of an artist's negative vibrations.
- ॐ "Only dead fish swim with the tide": Guruji advocates self-effort.
- ॐ Guruji's ABC: never abuse anybody, never blame anybody, and never curse anybody. Always wish the best for anybody coming across you in daily life.
- ॐ All religions are one. All Gods are same. All religions preach only one language of love and compassion and service to mankind.
- ॐ Help anyone and everyone irrespective of caste, colour, creed, faith or religion, anytime and every time. If you cannot help anyone due to any reason whatsoever then at least do not cause any harm or damage, in any form, at any time to anyone.
- ॐ Disengage yourselves from outward pleasures, dreams and desires of the cosmetically alluring materialistic world. Take

out some time from your hectic schedules to contemplate and meditate by sitting in samadhi every day in quest of spiritual elevation and perfection in life.

ॐ Redirect and reinvest some of your attention, energies and time upon cementing your eternal bond with divinity and spirituality!

ॐ "Main apne bhakt nu bahut pyar karda ha."
I love my bhakts dearly.

ॐ "Jad jutti bahar lande ho taa apni intelligence vi bahar la ke aaya karo, uda aaithe koi kam nahi"
When you take off your shoes outside the temple, divest of your intelligence too because it is of no use here before me.

ॐ "Jeh cellphone mere nal use kitta te teri blessings unu transfer ho jaan giyan"
Do not use your cell phone in my presence, as your share of blessings will be transferred to that person.

ॐ "Ghar da ek member ve je mere kol aa jave te poori family da kalyan ho janda ve."
Even if one member from a family comes to me, the whole family is blessed.

ॐ "Aes mandir vich 12 teerth sthano ka dhaam hai"
The Bada Mandir has the power of twelve pious places put together.

ॐ "Insaan kis kum da? Janwar mar ke bhi kam ande ne,

chamde de bag, joote, belt, khan de ve kam aande ne, lekin insaan te mar ke kisi kam da nahin. Jeende ji sirf paath kar sakda ve."

Of what use is man? Animals come in handy even after death. Leather bags, shoes, belts can be made out of their skin and they can even be eaten, but a human is useless after death. The only useful thing he can do is pray.

ॐ "Gupt paath aur gupt daan kitta karo. Naal bethe nu na pata chale ki tusi paath kar rahe ho"

Be secretive about prayer and charity. The person sitting next to you should not know you are in prayer.

Similarly, donation should be kept secret without one hand knowing what the other has given.

ॐ "Je kisi gareeb nu khana dena ve, te party ton pehlan ude vaste kad ke rakho, baad vich left overs nahin"

When you give food to the poor or to your helpers, take their share out before you partake of the food; do not give them leftovers from a party.

ॐ "Je bhikari nu kuch nahin dena, kadi ve dutkaro na. Hath jodh kar ditta karo..kee pata kaun kide bheshe vich aa jave?"

Don't be rude to beggars to whom you refuse charity. Fold your hands towards them when you give alms: you never know who may have come in their disguise.

ॐ "Loki puttara mangde ne, je mentally retarded paida ho jave taa?"

People ask for sons, what if the infant is born mentally retarded?

- ॐ "Manglik phazul de vaham ne."
It is superstition to entertain notions such as one is a manglik.
- ॐ "Aatm hatya karna bahut vadda paap honda hai."
Committing suicide is a reprehensible sin.
- ॐ "Negative gane nahi sunne chahide..har negative serial, picture nahi vekhni".
Skip hearing sad and depressing songs. Avoid watching negative serials and films.
- ॐ "Non veg nahi khaoge te changge rahoge."
You would be better off not eating non-vegetarian food.
- ॐ "Ghar da langar sabton changa honda hai."
The best food is home cooked.
- ॐ "Pani pitta karo. Je doctor ae dus deve te ude kol jayega kaun. Pani har marz da ilaj hai."
Drink lots of water, it is a cure for all diseases. If doctors tell us this truth, who will go to them?
- ॐ Guruji asked sangat to read "Shiv Puran" the Holy book.
- ॐ "Pehle vi mein, hun vi mein, te baad vich vi mein, aithe koi gaddi nahin chaldi."
"I was, I am, and I will be forever. There is no seat of succession."
- ॐ "Mere naal direct connection jodo"
Build a direct connection with me.

- ॐ "Sirf kitabi paath, paath nahin honda."
Paath does not mean reading scripture alone.
- ॐ "Dur baitha jo mere kol nahi pahuch sakraya, o meri photo naal gal kare. Main sunana haa."
If you are distant from me, don't worry. Talk to my photo-I listen to you.
- ॐ "Discussion karan naal rab nahin milda"
God is not attained through discussions.
- ॐ "Mahapursha de level honde ne. Jo lokan da marz apne utte le sakda hai o universe ich sirf ek honda hai. o Satguru honda hai. o mai haa"
Mahapurush (saints) have levels. There is only a single mahapurush in the universe who can take people's diseases upon himself. That is who I am.
- ॐ "Dwai vi taa lagdi hai jad main bless karanga"
Medicine works when I bless it.
- ॐ "Langar te chai parshad vich meri blessings ne. Langar twadi dawai hai. Aithe poora khatam karna chahida hai. Ainu varat vale dina vich vi kha sakde ho. Ainu parshad di tarah dekho, padarth nahi. Jad tusi aaithe langar khande ho twade ghar de member, jo nahi aaye, bacche, ma pyo, o v bless ho jande ne."
The langar and chai prasad contain my blessings. Langar is your medicine. It should not be left on the plate, but eaten completely. You can eat it on the day of your fast, too. See it as parshad, not as an eatable. When a family member

eats here, family members who aren't with you-your kids, wife, children-get blessed.

ॐ "O sewa jidde picche mang hai, o asal sewa nahin. Asal sewa niswarth hondi hai."

Seva (service) which is motivated by your demand to get something is not real sewa. Real sewa is unselfish.

ॐ "Guru vaste aina pyar hona chahida ki sutte, jagte, lipstick lagande vele v guru chete hove."

Your love for your Guru should be such that you remember him every waking and sleeping moment, even when putting on lipstick.

ॐ "Guruan di gal patthar di lakeer."

A Guru's words are etched on stone. (They are bound to come true.)

ॐ "Never listen to another's woes but direct them to me."

ॐ "Ay kalyug hai, aide vich rab jaldi mil janda ve. Putha nahin latakna painda."

This is Kalyuga; one can meet God quickly. You do not have to hang upside down from trees or do tough penance.

ॐ "Jeh zindagi da ghoda mainu diyo teh main bilkul sidha hankan ga."

If you hand me the reins of your life, I will steer it straight and true.

ॐ "Guruan nu kadi chitthi nahi likhidi. Khush raha karo, Jo hoga acchha hoga."

Never write letters to a Guru. Stay happy-whatever life brings your way will be good.

ॐ "Husband te wife da relationship best friends di tarhan hona chahida hai. Aj kal bacche nall bhi friends di tarhan hi rehna chahida hi. Baccheya nu kade maarna nai chahida."

The relationship between a husband and a wife should be like that of best friends. These days one should relate to their children as friends too. Never hit your children.

ॐ "Path inna powerful hai ki sab kuch theek kar sakda hai."

ॐ Prayer is very powerful and can cure anything.

ॐ "Changa character hona bahut zaroori hai. Rab khon maaf kar sakda hai par bad character di maafi nai hai. Is di maafi sirf ek mahapurush hi de sakde han."

It is imperative to have a good character. God can forgive you for committing a murder but there is no forgiveness for bad character. Only a mahapurush can grant you forgiveness for this sin.

ॐ "Maa baap di sewa karni chahidi hai. Is de bina kuch nai milega."

Always look after and serve your parents. You will never progress if you don't do so.

Importance of Guruji's Langar Parshad

How millions and millions of Sangat are getting treated mentally, physically and medically by partaking Guruji's Langar Parshad?

This Special Spiritual Langar Parshad, which Guruji started in His Physical Form, still exists and is being prepared by certain Sewadaars deputed with Guruji's Hukum under the vibrations of melodious Shabads being played in the Mandir. Till today, Langar Parshad is being prepared with the same Rules of cooking as was followed when Guruji was in His physical form.

It is Guruji who decides who will go to Bade Mandir and partake Langar Parshad. Four different souls, generally unknown to each other, are made to sit in courtyard on the floor to have Parshad. Subsequently, the 'Blessed Langar Parshad' is being served in a single thali which generally consists of two sabzis – one liquid gravy sabzi and one solid dry sabzi, one sweet mostly Halwa with dry fruits, Salad with Green Chutney and Chapattis, may be four.

The Blessed Langar Parshad holds a special meaning. Why one solid and one liquid sabzi, why Sweet and why salad with Green Chutney becomes so important for patients or normal sangat?

One liquid sabzi generally Dal/ Paneer/ Aloo – '*liquid*' represents flowing life with Peace and Prosperity, one solid dry sabzi – '*solid*' signifies Strength. While our lives are full of struggles, Guruji indicates us to not worry but accept life as it comes and go with the flow and remain strong in the midst of challenging circumstances and He will take care of us and grant us His choicest blessings if we follow His Principles of Sewa, Simran, Satsang, Shabad and Shukrana. '*Sweet halwa*' signifies good times ahead. '*Chutney with Salad*' indicates that our Karmas still have debit balance so Guruji wants us to go through the grinding action, not assuming it to be a punishment but a blessing in disguise and an act of cutting down our bad karmas. '*Roti parshad*' assures that we will never die of hunger and it indicates bread for survival being assured by Guruji.

This Special Spiritual Langar Parshad is not only a thali of certain meals but it is a medicine, a complete package of

blessings of Guruji at the Holy place of Bade Mandir.

Guruji stressed upon the relevance of the Chai Parshad and Langar Parshad being offered to the devotees at the Bade Mandir. The Chai Parshad and Langar Parshad contain His blessings. Langar is our medicine and it should not be left on the plate, but eaten completely. One can eat it even when one has kept a fast as it is not an eatable but it is the divine parshad. He also indicated that when a family member partakes Chai Parshad and Langar Parshad at the Bade Mandir, family members who are not present there, also get blessed.

Bade Mandir is Heaven on Earth and it has amazingly positive vibrations and possesses the power of twelve holy places. Whoever goes to Bade Mandir receives immense blessings of Guruji and when a devotee partakes this Special Spiritual Langar Parshad at the Bade Mandir, the devotee is blessed not only for this life but till eternity. Thus, the Langar Parshad served at the Bade Mandir is a medicine and is considered sacred by the devotees as it has blessings of Guruji which in turn blesses the partaker. This Special Spiritual Langar Parshad and Chai Parshad of Guruji has cured thousands and thousands of devotees who partook the same with immense faith and belief in the blessings of Guruji, and the number is growing with each passing day. Such is the power of our Guruji.

What is Surrender? JAI GURUJI

What is Surrender?

Guruji is the giver of all good things. When we surrender spiritually to Guruji, we are simply acknowledging that ‘We’ actually belong to Him and we are responsible to care for what He has bestowed us with. By surrendering to Guruji, we admit that He is ultimately in control of everything, including our present circumstances.

Surrender is acceptance of the life’s circumstances by paying gratitude to Guruji to give strength to deal with those circumstances. Surrendering to Guruji helps us to let go of whatever has been holding us back from Guruji’s best for our lives.

Guruji used to say:

*‘Jeh Zindagi Da Ghoda Mainu Diyo The Main Bilkul Sidha
Hankan Ga - If you hand me the reins of your life, I will steer it
straight and true’*

Surrender yourselves completely to Guruji and hand Him the reins of your life, let Him have complete control of your life, you will continually receive His Grace and be blessed forever and will get the strength to live a good life which will ultimately lead you to salvation.

It is a conscious decision, which requires immense faith, courage, and patience. It is a way of life to focus on solutions rather than thinking over the problems. The essence of surrender is giving place to faith in your heart.

Surrender is not making a list of desires and praying to Guruji to fulfil them but it is erasing that list and asking Him to write as per His Will and accepting His Will with gratitude. A person who fully surrenders at the Lotus Feet of Guruji achieves a heavenly state of mind.

Your struggle is an act of worship. The Almighty loves the humble who is not arrogant and who surrenders himself completely to His Lord. So there is wisdom in your trials and tribulations. Don't scoff at them. Learn from them and use them to draw yourself closer to Him.

Like a flute, empty yourself of fears and anxieties and just play the tune that Guruji wants to play through you. It indeed is a total bliss.

How I got connected to Guruji Maharaj

In this day and age, we are indeed blessed to be in the benign presence of Guruji. He rules the hearts of many of those to whom He is known simply and purely as ‘Guruji’. He is an embodiment of love and compassion.

People from all walks of life come to Guruji to get cured of their illnesses or to lessen their sufferings and Guruji very lovingly engulfs them in His protective fold, sheltering them from the World.

Guruji when was in His physical form made devotees share their experiences (Satsangs) with others as Guruji often said that devotees should narrate the blessings they have received and that Satsangs confer blessings both on the narrator as well as on the listener. Satsangs consisted of beautiful experiences with Guruji where devotees were cured of their diseases and were granted a new lease of life, troublesome bosses were kept at bay, financial issues were resolved, academics was being taken care of by Guruji, escape from near-death experiences, and so on and so forth. These are only some of the numerous blessings that Guruji bestowed upon His devotees.

To have Guruji's darshan is to be blessed forever as Guruji grants us the courage to laugh off worries and diseases and protect us against all odds, untouched by the bad times. To be allowed to be His devotee is to experience a blissful life and to be able to walk on the path of service and devotion.

Jai Guruji!

I have been working in a private firm based in Chattarpur for the past 7 years but I knew nothing about Guruji Maharaj and Bade Mandir which too is located near my office, at Chattarpur.

It was a usual practice on every Monday, on my way to office, I used to see so many cars with stickers having ‘Guruji’, ‘Blessings Always Guruji’ written on them, causing huge traffic due to which I used to get late to reach my office and in my mind I used to curse who this Guruji is, who is causing so much traffic.

Sometime later, one of my mother’s friends, who is a follower of Guruji, wanted my mother to accompany her to Bade Mandir. My mother was not willing to go at first but when her friend insisted again then one fine day she decided to go to Bade Mandir and then there was no looking back.

In the month of October 2017, I had to file a Court case due to some personal reasons and the hearing date which was given to me was December 2017. While I was leaving for the Court, my mother gave me Guruji’s Swaroop to keep it in my purse. I went to the Court thinking that nothing will happen in my favour and this case will go on and on for years. In my mind, I said ‘Guruji, if the case turns in my favour then only I will be your devotee otherwise no chance’.

Knowing Guruji: - The Naam in itself gives happiness with peace within. It internally makes you feel the Supreme is calling.

Loving Guruji: - Gives Strength as Love is the greatest form of strength realizing that Guruji is always there to help you in need.

Faith in Guruji: - Gives Courage to face all circumstances with a feeling that Guruji gives always the best even without asking.

Trusting Guruji: - Gives Wisdom to purify one's inner self with His Naam, Divine Gurbani Shabads as well as Healing physical self by having Divine Langar Parshad.

The opposite party came and the case turned out to be in my favour and I was told that it will take another six months for the case to end. Next hearing was scheduled for 5th January 2018. As I went to the Court, I came to know that the opposite party didn't turn up as he was not feeling well, so I was given another date.

Next date of hearing was scheduled for 22nd January 2018 and on reaching the Court, I requested the official present in the Court to fast track the case. But no hearing took place on that day as the Judge was on sick leave. I was given last and final date of hearing for 6th February 2018 with a condition that if any of the parties fails to be present in the Court on the next date of hearing, the case will outrightly be dismissed.

By then, it was getting very difficult for me to handle the entire situation as I started receiving threatening calls from the opposite party. I was constantly praying to Guruji Maharaj that the opposite party should come on the next date of hearing

and remain present in the Court during the entire hearing without any trouble.

Guruji Maharaj accepted my first ardaas and I won the case within three months while the Judge and my lawyer told me in the beginning of the case that it will take atleast six months for the case to end or may be more.

I am so thankful to Guruji that I got justice in no time. I won the case in 3 months' time which could have been lingered on for years, and got justice which was least expected in my case looking at the then prevailing circumstances.

How this book was written with Guruji's Meher

Guruji is the Supreme Lord. There is no limit to His power so much so that He puts before us the whole story of our lives: the past, the present, the minutest of details that could be known only to us.

Even now, long after He left His physical form, He knows what is there in our heart. When you cannot put your prayer into words, He hears your heart. He answers all our prayers, may be not instantly, but at a time when He thinks fit for us. Just like a loving father, who fulfils each of the desires of His child, Guruji too, fulfils even our smallest desires. Guruji often said:

'Mere naal direct connection jodo - Build a direct connection with me'

Only when you have unconditional faith and belief in Guruji, can you establish a direct connection with Him. Once it is established, Guruji is right there in your heart. You need not ask Him for anything as He knows your desires and even listens to your silent prayers and grants them at a time as per His Will. Trust Guruji and His timings and you will be sorted for life.

I always had a deep desire in my heart to be able to write a book for my Guruji enumerating my experiences with Guruji Maharaj but never did I know that this will happen soon.

During the Covid-19 lockdown, I was thinking to write this book but was very unsure as I haven't yet got any signs from Guruji.

One day, a sangat aunty called me and while I was discussing with her that I intend to post one of my satsangs on Facebook everyday during this period of lockdown to which she replied ‘Yes, you should’ and the conversation ended. Having said that, I was still uncertain on whether I should actually do it or not and I went off to sleep.

Next day, in the morning, I received a message on my mobile from a sangat uncle which reads as follows:

‘Aunty I have work for you - Can you start posting one Satsang daily from Light of Divinity with Pyare Guruji swaroop on the groups.

Pyare Guruji has been giving me this thought and today indicated you to do it’.

On receiving this message, I was on cloud nine and discussed the same with that sangat aunty to which she replied ‘*Aunty, why don't you start writing your own book for Guruji?*’ and she also said ‘*Start writing it from the day of Baisakhi?*’. I thought it to be a sign enough from my Guruji Maharaj to fulfil my deepest desire to write a book for Him.

On the occasion of Baisakhi which was on 13th April 2020, a Monday, I started writing this book with Guruji's permission. I hope reading this book will be an enriching experience for all those who, like me, are still new on this spiritual journey as well as for those who are already there on this journey. I have written this book out of immense love for my Guruji and I pray to Guruji to bless all those reading this book with His choicest blessings.

Thank you Guruji Maharaj for giving me this beautiful seva to write this book for You.

Every Seva counts and a seva done with a good intention and if done unconditionally definitely adds up to our good karmas. I believe, we as humans, should continuously strive to increase our good karmas. God has made everyone capable of doing something good and I believe that humans with a kind heart can bring great changes to the existing lives. Let us recall the mantra of our Guruji to '*Love and Share*' and work together to make the world happier and more enlightened than ever.

Last Minute Darshan of Bade Mandir and Birthday Blessings

In order to receive full blessings of Guruji, one must not question or doubt Him or expect to receive answers from Him directly and instantly. Once you have prayed, keep your ears, eyes and mind open as Guruji often directs you to His messages. One should be receptive enough to His messages.

One must not doubt Him but have complete faith in Him. Faith is something we all have such as we have faith that the medication prescribed by our doctor will cure us of our illnesses. When we adopt a lifestyle of faith, we manifest the things we expect and believe are already in existence. If we have faith that good things will happen to us, through Law of Attraction, good things will indeed happen to us. But if we live in a constant fear or worry, we will attract more of it, in our lives. The key is to have faith and have a positive outlook towards life.

One can have a positive outlook if one learns to remain in gratitude. Gratitude is a feeling of being thankful of what you possess, where you are and who you are. It helps you to stay focussed on all the good things and ultimately helps you to stay happy and grateful even when things are not that perfect. It is too difficult a practice to be adopted in our lives as it seems to quickly disappear from our lives. The constant greed to achieve more and more in our lives does not let us remain in gratitude of what we actually have.

Guruji often said:

‘Mahapurush kaddi Vi Kalyan dass ke nahi karde’

Therefore, one must learn to remain in gratitude always as this way one will invite more of positivity in one’s life and you never know what blessing has come in what form. It is thus imperative to make a direct connection with Guruji and you will be guided to what is best for you.

Guruji

On the 6th January 2020 being a Monday, I left from my office at Chattarpur around 6.30 p.m. to go to Bade Mandir. Since Bade Mandir too is located at Chattarpur, it is quite close to my office and it usually takes around 15 minutes to reach there. But to my utter displeasure, I was stuck in huge traffic and to top it up it started to rain around 7.00 p.m.

While I was sitting in the car and eagerly waiting for the traffic to get cleared, by that time it was already 7.30 p.m. and on Mondays, the Mandir gets closed at 8.00 p.m. I was still quite

| Jai Guruji |

far away from the Mandir so I started walking towards Bade Mandir and reached at around 7.50 p.m. On reaching there, I proceeded for Shuttle Service and the Sewadaar Uncle told me *'Aunty, no Shuttle Sewa now. Please start walking'*. I started walking towards the Mandir and in my mind I was talking to Guruji as to why and what was happening? Somehow I managed to reach at the gate of the Mandir by 8.00 p.m. and I was told to rush inside. That day, literally, I was getting the feeling of a Marathon Race.

I entered the Mandir and had Darshan of Samadhi but I had this constant thought in my mind that since I was very late and the Mandir is about to get closed I will not be allowed to sit in the Darbar of Guruji and I was upset about the same.

By then, it was already 8.15 p.m. and the moment I entered the Darbar of Guruji, the Sewadaar Uncle asked me to sit down for 5 minutes and then proceed for Samosa Parshad. Hearing this, I was elated that I will be able to sit in the divine Darbar of Guruji Maharaj. After partaking the Samosa Parshad, I was on my way towards the parking when I was stopped by one of the Sewadaar Aunty and to my utter surprise, she handed over to me a beautiful bouquet (parshad). It was a blessing that I got from Guruji that day and I literally had tears in my eyes.

Then I proceeded to take the Swaroop of Guruji for which I informed the Sewadaar Uncle last Monday. I wanted a big sized Swaroop of Guruji for satsang at my home. I was sure I would not get it as it was already 8:30 p.m. still I went to check. And when you are in His Sharan, Nothing is Impossible.

I got a big sized Swaroop of Guruji too. That very day I got bouquet parshad and a big sized Swaroop of Guruji from Bade Mandir. All this while, there was a hidden desire in my heart, to get a gift from Guruji for my birthday which was just a week away. Just as a small child craves for a gift from her father for her birthday, I too craved for the same from Guruji. No doubt Guruji Maharaj loves His Sangat like a father loves his children. Like a loving father, He gave me bouquet parshad and a big sized Swaroop in the form of His divine blessings, for my birthday.

Keep the faith in Guruji intact and love Him unconditionally!

How I got First Swaroop of Guruji before 1st Satsang at Home

*'Grace is when the Almighty gives us good things that we don't deserve,
 Mercy is when He spares us from bad things we deserve,
 Blessings are when He is generous with both,
 Truly, we can never run out of reasons to thank Him.
 God is Good All the Time.'*

Since I connected with Guruji, me and my mother was thinking of holding Guruji's first satsang at our home to thank Him for His blessings time and again. We mutually finalized the date for 28th April 2019.

Since we were new on this journey, we were not too aware of the procedure to hold Guruji's satsang so we sought help from one of the sangat aunty and she readily guided us on the procedure to hold Guruji's satsang.

On 21st April, we bought a Red Chola for Guruji in the afternoon and I was with all my heart wanted to get His big sized Swaroop the same day for the satsang. So I decided to go to Bade Mandir the same day and wanted to enquire about the procedure to get the big sized Swaroop of Guruji for satsang at home.

I reached Bade Mandir and while entering the Mandir I asked one of the Sewadaar Uncles about the procedure to which he replied '*Aunty, please come on Monday. It is only given on Monday*' and the conversation ended.

I went inside the Mandir for the Darshan and Langar Parshad. While coming out towards the parking, I asked one of the Sewadaar Uncles about any particular timing when the Swaroop is being given on Monday. He replied '*Aunty, please wait there near the parking lot*' so I went there and was waiting for about 5 minutes. Thereafter, he came and went to his car and took out a big sized Swaroop of Guruji wrapped in a paper and handed over to me saying '*This is for the Satsang*'.

*If God Is All You Have,
You Have All You Need*

On hearing this, I was very happy that I got a big sized Swaroop of Guruji for the satsang and that too on a Sunday. I froze for a moment – I had got what I prayed for! I took it and sat in the car and left for home.

The moment I reached home I quickly opened the Swaroop and I was spellbound by what I saw. Guruji was in a pinkish red coloured chola in that Swaroop. Guruji gave me His Swaroop on the day I wanted and that matched beautifully with His Chola for the satsang at home.

Thank you Guruji, for walking with us and for guiding us every step of the way.

How I Visited Empire Estate for the First Time

Out of a million disciples, even if one becomes pure and changes his life for the better, a Guru is very happy. One must surrender oneself completely to his Guru and even after the Guru leaves His body, he should continue to live in the ways his Guru had taught him. This is a disciple's biggest test.

When the Master is not physically present to point out your mistakes, one does tend to falter. Those who remain true to their Guru and don't falter, get immense help from their Guru and they progress very fast. The secret is to follow your Master's every word.

| Jai Guruji |
| Gratitude Always |

I have connected with Guruji Maharaj in December 2017 and since then Guruji Maharaj has been very kind to have called me to the Bade Mandir several times. Since my office is very close to Bade Mandir, I decided to visit the Mandir every Monday which I was doing for the past 2-3 months.

Having said that, I so wanted to visit Empire Estate as well atleast once though I was aware of the fact that it is not open for Sangat darshan.

*'God speaks in the silence of the heart, and we listen,
And then we speak to God from the fullness of our heart, and God listens,
And this listening and this speaking is what Prayer is meant to be'*

In the year 2020, on 1st February, I received a call from my Director asking me to accompany her to some exhibition on 3rd February (Monday). While I was talking to her, I was trying to come to terms with the heartsinking fact that I will not be able to visit Bade Mandir on 3rd February being a Monday and there was no way I could have denied accompanying her to the exhibition but at the same time, I was constantly praying to Guruji that I wanted to visit the Mandir on Monday.

Just when the conversation between both of us was about to end, she said '*After the exhibition is over, we will both go to the Empire Estate for Darshan*'. My Director is a follower of Guruji and though she knew I too was a devotee of Guruji but she didn't know that I haven't yet visited the Empire Estate. The works of Guruji are great mysteries and may truly always be hidden from us. No words are enough to thank Guruji Maharaj for His works, for His blessings.

Fear God and his judgements. Whatever you do and speak always have an impact on other's life which in turn may bring unpleasant outcomes to your destiny. Shed your ego. Nothing stands in front of God. Behave well with others and let your behaviour bring happiness to them. Respect every person who is always there to help you unconditionally. It's never too late to change yourself as everyone has to face the repercussions of their deeds one day where we would not be given any chance for repentance. Do well and reap well.

Shukrana Guruji for listening to our prayers and for showering immense blessings on us.

Visit to Guruji's S-Block G.K. Mandir for the First Time

A Guru never forsakes you, though we may forsake Him

Guruji to His Devotee – *'Tu jahan jahan chalega mera saaya saath hoga'*

Guruji is standing right behind you. You need to feel His presence all around. He is walking with you like a shadow. You need not feel alone and depressed. He is holding our hand and walking with us every step of the way. To feel His presence around, you need to be receptive enough to His messages and signs. We may forsake Him but He never forsakes us. That is the compassion and love He has for His devotees. In the journey of life, Guruji is always with His devotees.

Guruji to His Devotee – *'Tu agar udas hoga toh udas bunga main bhi, nazar aaun ya na aaun tere saath bunga main bhi'*

Whenever you cry, whenever you are sad, His own eyes are filled with tears. He doesn't want His children to feel sad. Like a loving father, He too, gets sad when His children are sad and depressed. He wants all of His devotees to stay happy regardless of all the difficulties they have to face in life. It is not so easy to keep patience and wait for the things we most desire in life. In spite of our true love and devotion towards Guruji, sometimes our faith tends to waver. We question Guruji for the delays but Guruji's love demands our patience and persistent faith in Him as His slow work in our life needs to be done flawlessly and with perfection. He doesn't want His

children to suffer anymore in future so He wants to eradicate each and every impediment from our life. No doubt your patience will be rewarded with innumerable blessings. Even if He is not visible to us, we should not feel disappointed. He is still around. What if we can't see Him, He is watching us and that is all we need.

Guruji to His Devotee – *'Kabhi mujhko yaad karke jo bahenge tere ansoon toh wahin pe rok lenge unhe aake mere ansoon'*

Whenever you miss Him just call Him with a true heart. He will surely come to you. He will wipe every tear of your eyes by embracing you tightly, showering His immense love and grace upon you. His love and blessings will always remain with you in every birth. His refuge will keep protecting you from all the evils and distress. His benevolence will keep chasing you whenever any sorrow hardens your heart. Whatever direction you take, His shadow will be with you. Keep going strong, you are not alone. Guruji is your companion. Feel blessed to have Him in your life.

In the year 2019, from 29th May to 19th June, every Wednesday, a Sangat aunty known to me, would call me and ask me to come at Guruji's S-Block G.K. Mandir for the Satsang. I stay very close to the Mandir so she used to call me to attend the Satsang.

Everytime she used to call me at odd hours around 9.30 p.m. to 10.00 p.m. but I never went there as it was not safe to go out at such odd hours. On 5th June, a Wednesday, she called again at the same time but I didn't go.

On 12th June, a Wednesday, for the third time, she called again and asked me to come to the Mandir for the Satsang but I didn't go.

Now when she called me the fourth time on 19th June, a Wednesday, she repeated the same thing and I replied '*Aunty during this time it is not possible to come*'. She said '*Ab Guruji apne aap lekar ayenge*' and the conversation ended.

The very next day which was 20th June, a Thursday, I decided to go to Guruji's S-Block G.K. Mandir after my office.

It was my first visit to Guruji's S-Block G.K. Mandir in my life. On reaching there, a Sewadaar aunty came out and said '*Aunty it is closed for Sangat Darshan*'. I said '*Ok Aunty*' and then she left from there.

I bowed in front of the Mandir and just when I was about to leave, another Sewadaar aunty called me back and said '*I have opened the door. Please come and have Darshan*'. I went back and had divine Darshan of Guruji Maharaj and she even gave me Jal Parshad.

No words will ever be enough to thank our Guruji for all that He does for us. How beautifully He listens to our deepest desires and silent prayers and fulfils them testifies His love for His devotees.

Guruji gives Paras a New Lease of Life

*'Umeed Kabhi Mat Chodna
Jahan Apki Umeed Khatam Hoti Hai
Wahin Se Guruji Ki Rehmat Shuru Hoti Hai'*

Sometimes we go through the most adverse period of our life where everything seems dark and gloomy. In spite of having ardent faith in Guruji we tend to grow weary and apprehensive. We feel that our situation will not going to change. We feel tired of praying and fighting. But when we lose all the hopes that is the time when Guruji intervenes and does Miracles in our life. That is the most blessed time. He places His hands on our shoulder and takes on the charge of our complicated life. He makes everything perfect within seconds and revives our lost faith and hope in Him.

Don't lose hope. Where we end up fighting Guruji takes on the charge and makes us win. Guruji gives His best to those who leaves the choice with Him. Surrender to what is happening. Say 'Yes' to life and see how life suddenly starts working for you rather than against you. Know that all our challenges are the Lessons sent by Guruji to learn and grow.

Remember that everything lives in the mind. The words or thoughts you use to describe your situation literally changes how you feel about it. This applies to all your problems, obstacles, challenges, opportunities, or anything else. Instead of saying '*I hate my life*', Think (Parmatma Hamare Saath hai)

and say 'I am ready to accept all the challenges because I want to grow'.

Be patient, some things take time. Often we get upset about things that aren't actually taking place. If you find yourself feeling anxious or overwhelmed, chances are you are looking too far into the future and dreaming up new things to fear. Bring your thoughts back to the present moment, since that's all that really exists. The cause of unhappiness is never the situation but the thoughts about it which makes it worse.

Know that the present moment is the one and only place where you can use your power and energy to make any real change. Remember, your pain is the cracking of the shell that contains your understanding. Hitting the bottom only means you can bounce back higher.

Chant:

***Om Namah Shivay Shivji Sada Sahay
Om Namah Shivay Guruji Sada Sahay***

There was a message constantly being circulated on different WhatsApp groups of Guruji Maharaj that a kid is admitted in ICU in Sir Ganga Ram Hospital and needs Guruji's blessed Jal Parshad urgently.

I immediately replied to one such message asking for the patient details. But I haven't got any reply from him. After sometime, the same message was being circulated again on different WhatsApp groups of Guruji Maharaj and that's when I decided to call the hospital directly and speak to them.

I called the hospital and spoke to the receptionist and asked her to transfer the call to Paediatrics ICU so she transferred. Now, the Sister answers the phone but at the back of my mind I was wondering what to ask her as I didn't even know the name of the patient.

Still I said *'Sister, there is a message which is constantly being circulated in our Guruji's group that a kid who is admitted in the hospital for the past 6 months is critical and wants water'*. I intentionally said 'water' assuming that she would not understand the meaning and importance of Guruji's blessed Jal Parshad.

Upon enquiry, I came to know that the name of the kid was 'Paras'. To my amazement, she said *'Jai Guruji Aunty, I am also a follower of Guruji and I too have Jal Parshad and I will give it to the kid's parents tomorrow'*. For a moment, I had goosebumps and I still have while writing this.

How Guruji connected me with the Sister and how the Sister, a follower of Guruji readily agreed to give Guruji's blessed Jal Parshad to the kid – Paras is itself a miraculous experience. When we are under His protective umbrella, Nothing is Impossible. Just let go of your fears and apprehensions and let Guruji take complete control of your lives and see your life getting better.

Guruji has blessed Paras and he is doing absolutely well. His parents were also searching for my number and somehow got hold of my number and called me to thank me. Four months back I spoke to Paras' parents and they shared with me his picture and now he is doing absolutely fine.

Guruji's plans will always be more beautiful than your disappointments. Be Patient and Thank Guruji. Nothing is Impossible when He is on your side.

Guru Kripa.

Visa Granted by Guruji, Gratitude

‘Grow flowers of Gratitude in the soil of Prayer’

The greatest test of faith is when you don't get what you want but still you are able to say: Thank you, Guruji. When we choose thankful prayer over wallowing in anxiety and worry, we are demonstrating an unwavering Trust in Guruji.

You can turn every ugly and damaging situation into a blessing when you look up to Guruji for guidance. When Guruji is merciful, Healing happens.

Doubt and faith are both a state of mind. Where doubt creates the darkest moment in our finest hour, our strong faith in Guruji can create finest moment in our darkest hour. So why to veil our mind with doubt when our merciful Guruji is all powerful who is inculcating deep faith within us by sustaining us from hardships since so long. Always think positive that nothing will go wrong as long as Guruji is our saviour.

‘Nanak Chinta Mat Karo Chinta Tis Hi Ha?’

On 1st April 2019, my Directors were scheduled to travel to one of the Schengen countries. Just a night before, we got to know that one of the Directors didn't have a valid visa to travel. I was scared to the core thinking that what will happen next as it was all my responsibility to arrange for the visas.

Thank you Guruji for taking control in your hands. In the morning at around 11.00 a.m., we rushed to the Embassy and submitted the required documents to obtain a visa. Though Embassy wasn't sure that if we can get the visa the very same

day or not as the travel was for that very night which was 1st April 2019.

After submission of the documents and completion of the formalities, we waited there for 6-7 hours and I was constantly praying to Guruji that the visa should be granted anyhow otherwise I will be in deep trouble. My Director who applied for the visa is also a follower of Guruji by His Grace.

At around 4.00 p.m., we got to know that there is an approval which is pending from Rome and we weren't very sure that the visa will be granted or not because it was based on the approval which was supposed to come from Rome.

At around 5.45 p.m., I got to know that the visa was granted for 2 years. Jai Jai Guruji! By that time my Director left since she was waiting with me for a long time.

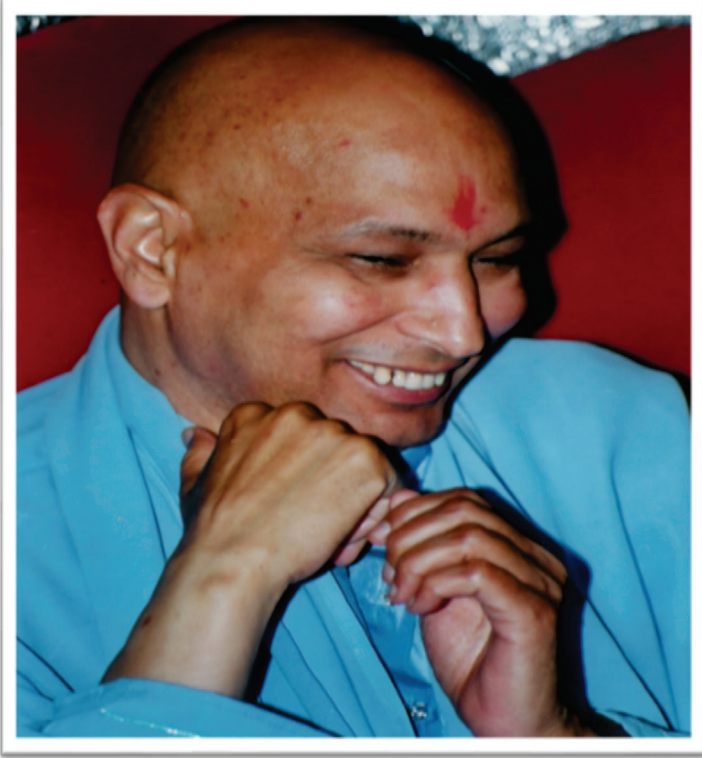

Like I said before it was 1st April 2019 and it was a Monday, so when I called her to inform that the visa was granted by Guruji's Grace, at that particular moment she was entering Bade Mandir. I wasn't aware that she left the Embassy to pay her visit to Bade Mandir. Such is the power of my Guru. Within a span of 6-7 hours, Guruji granted us a Schengen visa, that too for 2 years, which was next to impossible.

Miracles of Guruji.

**Om Namah Shivay Shivji Sada Sahay
Om Namah Shivay Guruji Sada Sahay**

Blessed with Dupatta Parshad on Valentine's Day

*'Ek Waqt Esa Aata Hai Jab Sab Pehle Jaisa Ho Jata Hai
Bas Rab Mein Vishwas Nai Khona Chahiye'*

It always happens that when we go through the deepest pain, an unimaginable situation in our life, at that time we feel that our life is completely falling apart and nothing is going to change. For a moment it feels like there is nothing worth to live for. We cry. Our soul screams. We ask Guruji *'How could this happen to us? Why we?'*

Here Guruji listens to our longing heart and keeps on giving respite to us in various forms, may be in the form of soulful friends or inspiring people, by reviving our inner strength, by making us closer to Him and by giving all of us the right directions. And at the end of the day, everything falls in place. Where we start feeling that whatever happened was good for our journey. It makes us learn the hard lessons of life. It makes us stronger. It enlightens our soul. It makes us learn the reality of people by sending the right ones into our life where we could understand that why it never worked out with anyone else.

Keep your faith going strong. Keep learning. You can be rest assured that everything is going to be perfectly fine. It's just a refining process. Guruji will bring you out of it as a shining soul.

‘So Satgur Pyara Mere Naal Hai’

I know of a Sangat aunty of South Delhi, who by Guruji’s Grace, has been given the sewa of giving blessed Dupatta Parshad to Sangat aunties when Guruji gives her Hukum to do it. She doesn’t give it by her choice.

I know her for the past 3 years and I have been a regular at Guruji’s satsang held at her home.

On 1st December 2019, after the satsang got over, she with Guruji’s Hukum, was giving Dupatta Parshad to one of the Sangat aunties present there and in my mind I was saying *‘Guruji I know I am not on your list’*.

The next satsang at her home was on 14th February 2020 and it was Valentine's Day. On that day I went to attend Amritvela Satsang for the first time and then I went to her home to attend the Satsang. There were many questions related to my personal life which were running in my mind on that particular day. So somewhere I was preoccupied with my thoughts and my mind was disturbed.

Obviously for those questions, I wanted answers from Guruji only as Guruji used to say *‘Tell your problems to me, not to anyone else as I am the one who is going to solve it’* and that day getting Dupatta Parshad was not at all on my mind.

And as we all know when we are in His Sharan, everything happens as per His Will. Whatever has to happen, will happen when Guruji has decided it for you and when the time is right as per Guruji’s plan as He can foresee what we cannot.

Just after the Satsang got over, that Aunty called my name and gave me the blessed Dupatta Parshad and said Guruji told her to tell me that '*Ainu nu dupatta parshad de kar, Ainu nu saare sawaal de answer dene hain*'. Shukrana Guruji Maharaj!

I was spellbound for a moment and didn't know how to react in that situation. I was elated as well as teary-eyed. I feel so lucky to be in the benign presence of Guruji and I am ever grateful to Him for being with me every step of the way in life no matter how dark, how lonely and how painful those steps may be. I know I will never walk alone.

Anantam Shukrana Guruji Maharaj for blessing us all!

Parshad Blessings from Empire Estate for a Close Friend

*'Without the Guru, there is utter darkness
Without the Guru, understanding does not come
Without the Guru, there is no intuitive awareness or success
Without the Guru, there is no liberation'*

On 11th December 2019, in the morning, I got a call from one of my very close friends' mother saying that my friend (her son) wasn't feeling well and had to be admitted in the hospital as he was experiencing shortness of breath as his lungs got filled with water.

They are also a follower of Guruji. I discussed my friend's situation with one of the Sangat Aunties and she asked me to arrange Parshad for him from Bade Mandir and send it across to him and I said 'Ok' and the conversation ended.

Later I realised that it is a Non Sangat day being a Wednesday and the Parshad from Bade Mandir could not be arranged.

Somehow I started searching numbers of the Sewadaar Aunties of the Empire Estate. With Guruji's Grace, I managed to get the number of one of the Sewadaar Aunties so I immediately called her without giving it a second thought that I don't know her personally.

I told her about the health condition of my friend and how badly he is in need of Guruji's blessed Parshad. To which she

said ‘*You will collect it or shall I send it?*’ and I told her that I will have it collected in the next 30 minutes.

It immediately came to my mind that one of my friends’ home is near the Empire Estate and is only two minutes away. So I called her to check what can be done and by His Grace she came that very morning to stay at her mother's home.

Though she is not a follower of Guruji she readily agreed to help and went to the Empire Estate and collected the blessed Parshad and then the Parshad was sent to my friend who is doing well now.

Since Guruji had to bless my friend through the blessed Namkeen Parshad, it was arranged without any hassles even on a Non Sangat Day.

Love you Guruji.

Keep showering your choicest blessings on all of us.

****My friend who went to the Empire Estate to collect Guruji’s blessed Parshad was pregnant that time (December 2019) and she has been blessed with a baby boy in February 2020.

Satsang Decoration as per His choice

*‘Tere Kavan Kavan Gun Keh Keh Gaanva
Tu Sahib Guni Nidhaana
Tumri Mahima Baran Na Saakon
Tu Thakur Unch Bhagwana’*

By Guruji’s Grace, we decided to hold Guruji’s satsang at our home on 17th November 2019. The preparations and planning was going on for past 1-2 months. We decided on almost everything and so far as the decoration on the wall was concerned, my mother made some accessories obviously matching with Guruji’s Chola to put on the wall.

We also decided to place everything on the wall one day before the satsang to see how it looks. After I came from office, as already decided, everything was placed on the wall but it wasn’t

meeting our expectations. It felt incomplete, as if something was missing.

I started to think what else can be done. By then it was already 7.30 p.m. I rushed to the nearby market to see if I can get hold of something but unfortunately got nothing.

With great disappointment, from there, I rushed to Amar Colony but got nothing and by then it was 8.00 p.m. and the shops were about to shut. There I asked a shopkeeper as to where can I get silver coloured butterflies to which he asked me to try my luck at Lajpat Nagar market and also reminded me that by the time I will reach Lajpat Nagar market the shops will be closed.

In my mind, I was constantly asking Guruji '*Why Guruji?*' I again rushed to Lajpat Nagar market and reached there somewhere around 8.20 p.m. and all the shops were about to shut. The moment I entered the market, on the left, I saw a shop which sold decoration accessories. I entered the shop and asked the shopkeeper whether he had silver coloured butterflies. He said '*Yes, we have it but only 10 pieces are left.*' Without wasting a minute, I quickly bought them, came back home and started decorating with it.

It was decorated exactly the way Guruji wanted, with those silver coloured butterflies, peacock feathers and accessories made by my mother.

Quiz Winner

*'Jai Jai Kara
Jai Jai Kara
Swaami Dena Saath Hamara'*

Guruji bless us All.

Every now and then your faith will be tested. Don't expect everything to be smooth all the time. You will panic. You will be fearful. But at the end of the day, you must believe that you will make it. Why? Because the Almighty has promised He won't test us beyond our capacity!

Do not compare your journey of life with others. Everyone has a different journey. We should not resent God for giving us tough challenges than others. God tests different people with different trials because everyone has a different level of patience, tolerance, strength and faith. If God has given you a difficult test that means He believes more in your strength and endurance. Happiness is destined for All by Him. So keep going by assuring yourself that we are undergoing His test and trials and we have to prove Him right for believing in us.

There is a practice of holding a quiz every three months in my office. Whosoever wins the quiz is awarded with a cash prize of ₹8000. Since the quiz has questions related to our products so I keenly participated in it everytime it was held not with the intent to win the cash prize but to increase my knowledge.

This time, on 15th December 2019, I was feeling very low and my mind was disturbed and I was talking to Guruji in my mind *‘Are you with me, Guruji?’*

In the afternoon it was decided by the Human Resources Department that the quiz winner will be announced in the evening.

And as I was depressed and talking to Guruji, I told Him *‘Guruji, if you are with me then you have to declare me as a winner’.*

One Sangat aunty called me and while I was talking to her I completely forgot about all this and when I finished talking to her, I came inside the office and everyone started congratulating me. Since I was not aware I asked them the reason for congratulating me so they asked me to check my mailbox. I immediately checked my mailbox.

And Yes, Guruji declared me as a Winner. Jai Jai Guruji!

That day I realized we should never ever ask for anything and should never test Guruji as to whether He is with us or not. Guruji is with us at all times and is blessing us All. We should not doubt Him but have unconditional faith in Him. No matter what He is and will be there for us.

How Guruji Maharaj cured my Recurrent Cough

*‘There is but one God
 True is His Name
 Creative is His personality
 Immortal is His form
 He is without fear, sans enmity, unborn and self-illuminated’*

By chanting Guruji's name, your fear disappears and positivity encompasses your thoughts. The impossible tasks become possible, your ailments get cured, your life takes a U-turn towards happiness, your ego gets crushed by humility, your bad karmas get redeemed and your soul becomes pure. Thank you Guruji for making us a part of your Sangat.

I was having this recurrent cough for a while now which started in the month of March 2020. Just after Holi, it got even worse and I was facing very difficulty while talking.

Since it was a dry cough it was troubling me a lot. While I was facing it, all of a sudden, I came to know that the Covid-19 virus was spreading drastically and it was highly infectious and deadly and dry cough was one of its symptoms.

I was worried. One fine day, when I went to my office and while I was coughing, my boss told me *‘Please go home’*. After hearing this, I really got panicked. I thought in my mind that my colleagues will doubt me for spreading this virus since dry cough was one of its symptoms.

I surrendered myself to Guruji and left everything on Him

and started applying Guruji's blessed Chandan Tika on my neck everyday. (Process for applying Chandan Tika is when you clean Guruji's Swaroop every morning, after that you have to apply Chandan Tika on Guruji's Swaroop on His forehead and with the same finger, with the left over Chandan Tika on your finger, you can apply it on the forehead of all the family members or whoever is facing any pain, you can apply it on that body part where the problem is whether it is head, ears, arms, etc.) You can apply Guruji's blessed Chandan Tika anywhere on your body part where the problem persists but with an unwavering faith in Guruji that He will take care of everything, be it your pain, your disease or cough, in my case.

Unfailingly, I applied Guruji's blessed Chandan Tika on my neck everyday. Within a span of 10-15 days, my cough literally vanished and I was amazed that Guruji has cured my recurrent dry cough. Shukrana Guruji!

Guruji not only cured my recurrent dry cough but He also cured my toothache which was giving me sleepless nights as soon as I started applying Guruji's blessed Chandan Tika on my tooth.

So have Faith, learn Patience, Stand tall. Our Guruji is right here with all of us. Guruji loves All of us. Never ever doubt His compassion and love for His devotees.

How Guruji Maharaj Gave Salary during Covid-19 Lockdown

Our omniscient God- Guruji knows everything about everyone all the time. His understanding is infinite. His eyes are in every place beholding the evils and the good. He knows whatsoever happened in your past and what a day may bring forth. He keeps working on your life all the time, erecting the fallacious upcoming situations. Don't show resentment towards Him for not fulfilling your desires as He better knows which thing needs more priority in your life. We all are blessed and we will get everything but according to the fixed calendar of Guruji.

'Guruji Pal Pal Tujhe Sambhale Kabe Man Chinta Kare'

Believe in the power of your prayer. Do not keep looking for the results. If every time you pray and you look for a sign that the God is granting your wish, nothing will happen. If you sow a seed in the ground and then take it out every once in a while to check if it is growing, it will never sprout. Never try to test God. Just go on praying unceasingly. Your duty is to bring your need to God's attention and in helping God to bring that desire to fulfilment. Your every desire gets fulfilled at the right time.

'Satguru Hoye Dayal Tan Sharda Poori Ae'

Like we all know that the whole World has been badly affected due to the Covid-19 virus. Since there has not yet been any vaccine to contain this virus and it has proved deadly to the humans as they are susceptible to it, unfortunately, it has taken many lives and many people have been adversely affected due

to it. As a precautionary measure, different nations were put under Lockdown to cut down on the virus transmission since it was spreading like wildfire. No doubt it has affected the economy too due to the lockdown imposed from time to time.

It was on 11th April 2020, me and my colleagues came to know that we will get our salary for the month of March 2020, once the lockdown ends. At that time, everyone was unsure as to whether the lockdown will get extended or not and even if it gets extended then by when we will get our salaries.

After listening all this, I was very depressed and started talking to Guruji in a very funny way. I started singing one-liner Shabads in front of His Swaroop which was '*Tum Karo Daya Mere Sai*' and '*Mobe Apne Hi Rang Mein Rang De*' and then I went off to sleep in the afternoon.

Just after I woke up, I got to see a missed call notification on my mobile from the Accounts team as I had called that particular employee for processing some payment which was to be done on an urgent basis.

So when I called him back, he said we have processed the payment and it will reflect in the beneficiary's account soon.

It was all said and done and I said '*Ok, thank you*' and just before disconnecting the call, he said '*Listen, we are processing the salary and it will reflect in our respective accounts tomorrow*' which was 12th April 2020.

Thank you Guruji for never disappointing me.

How Guruji Saved My Family from Amphan Cyclone

Jai Guruji! Love You Guruji!

All the scriptures, spiritual beings have taught us that the kingdom of God is within us, He is within us. So much has been written, so much has been said about the ways to attain God Realisation but only a handful have had this Realisation. What about the rest of us? Do we have to take many rebirths to fully realize this?

Guruji would always say ‘*Asi Practical Kar Ke Dikhande Haan*’. He shows everything practically. What does it mean?

First thing He taught all of us was Connection, a Direct one-to-one Connection with Him. Each soul connecting to the Supreme Soul i.e Guru Parmatma. This made us feel Guru Parmatma is very close to us, with us and for us. Never in our lifetimes have we felt this close to the Supreme Power. Guru Parmatma made it so easy with His unconditional love for all of us.

When we reach out to Him, He answers, He communicates with us through various means, be it through satsangs, be it through dreams, be it through kind words of a stranger, be it through a line from a song.

Guru Parmatma is always close and within us, we feel Him inside our heart and soul. We feel as though He is our very own, we belong to that Supreme God-Guru Parmatma. Love spurts and we start evolving. I know these words sound so difficult but Guru Parmatma is making us soulful beings.

This is what it means to be. Our Soul is a part of the Supreme Soul. Guru Parmatma made it so simple and easy for all of us. Guru Parmatma loves all of us. He descended to Earth for all of us, to guide us and most importantly to tell us that God exists. Guruji is God, Guruji is our Supreme Power, Guruji is in our soul. Love You Guruji.

As we all know that in the month of May 2020, West Bengal and Odisha was badly affected by Amphan Cyclone. My

grandparents alongwith my aunts (maasi) have been residing in Kolkata, West Bengal for several years now.

During that time, the entire World was already fighting the Covid-19 virus. To top it up, we came to know that West Bengal and Odisha will be facing the Amphan Cyclone too.

The super cyclone Amphan touched Kolkata, West Bengal on 20th May 2020 leaving everything devastated. Little did we know that it will affect the area where my grandparents are residing. The area got affected very badly. Everything was shattered and left into bits and pieces. We were trying hard to get in touch with them but couldn't get through as there was power failure with no electricity, no water, etc. We got really worried and left everything on Guruji.

Somehow I managed to order Bisleri Mineral Water Bottles for them online and the delivery boy was so efficient that he delivered the bottles and informed me that it is being delivered and received by one of my aunts. We were relieved to some extent knowing that they were fine.

All this while, we have been constantly trying to get in touch with them but couldn't get through. After 3 days, we got a call from my aunt saying that they all were fine and safe but the roof of their house was damaged to a large extent and water was flowing inside the house. That's not all. The place where they live is all surrounded by Coconut and Mango trees, so 2-3 Coconut trees had fallen on the roof of their house damaging it completely but with Guruji's Grace, those trees fell in such a way that my grandparents and aunts were saved by an inch

even though they are not a follower of Guruji.

Guruji to His Devotee:

*'Ghar Da Ek Member Ve Je Mere Kol Aa Jave Te Poori Family Da

*Even if one member from a family comes to me, the whole family is
blessed*

Looking at the beautiful today, love shall pour. Enjoy His
shower of blessings.

Bade Mandir Darshan during Covid-19 Lockdown

*'What we know is a drop, what we don't know is an Ocean'
'Agam Agochara Tera Antt Naa Paaya'*

Focus on listening to satsangs and deriving messages from it. Each satsang would have different message and meaning for everyone.

'Discussion Karan Naal Rabb Nahil Milda', Guruji said. Therefore let's spend our time connecting with Guruji individually. Guruji also said that His satsangs are not open for discussion as every Individual's journey and experiences would be different.

'More of satsangs, less of preaching' as we can never ever understand how God works.

Guruji's Love for all His Sangat !

When you are standing at the edge of the cliff, the other person watching you, thinks you are about to end your life. You are going to jump to your death. But the person on the edge of the cliff is admiring the beautiful creation of God. So you can't judge anybody from the other side.

You can just ask the person of their welfare before jumping to any conclusion. Likewise in life, we shouldn't be going around judging people, they are living their own way of life, whether they believe in Guruji or not. It's up to them. Don't criticise them or don't ridicule them. There is a right time for everything. Guruji will make the connection with them. So just leave it to Guruji and you carry on with your own journey.

Make your own connection with Guruji.

Let life unfold itself, take a back seat and enjoy.

Each day is God's gift to you.

What you do with it, is your Gift to Him.

Jai Guruji

Gratitude always.

As we all know there was a nationwide lockdown due to the Covid-19 virus. During the lockdown, we all were advised to work from home which we were strictly following.

On 9th May 2020, I received a call from my boss asking me to go to office to check on few things as the office was shut for such a long time. He said '*I will send you the car with the driver and he will pick you and drop you at home after the work is over*'. Since the work given to me was by my boss I couldn't say no to him. However at the back of my mind I was really very scared to go to office for the work which was a few minutes job.

I was very much pretending to be normal but at the end of the day I was praying to Guruji that nothing should go wrong. I kept thinking the entire day that what excuse I can give to my boss for not going to office because of the prevailing situation. Nothing could be done then I decided to go to office.

I opened up the calendar to see what day was 11th May 2020. I saw it was a Monday and I got my answer from Guruji that now everything will happen with His Grace.

I immediately called up the driver who was coming to pick me up and asked/requested him to take me to Bade Mandir after

my work is done. With my firm belief in Guruji, the driver said ‘Yes, yes, sure, no problem’.

I was very excited to visit Bade Mandir after such a long time as because of the nationwide lockdown, temples were not allowed to open.

After finishing my work, I proceeded for Bade Mandir. On reaching there, I had Beautiful Darshan and came back home safely with Guruji.

*‘Jab Bhi Dil Himmat Harne Lage Tab Ye Yaad Rakhna
Aaj Wahi Kal Hai Jis Kal Ki Fikr Tumhe Kal Thi’*

It always happens that we keep worrying for a big problem. We spend ample energy and time brooding over that issue, inviting lot of stress and in a split of seconds that problem gets resolved by Guruji. If it always has been happening to us then why don’t we let go of our apprehensions and worries and surrender ourselves completely to Guruji. Let Him lead our life in His own way. Let Him handle our upcoming problems.

Keep your aura positive. Keep your mind free from all the negative thoughts as our God of Gods is all powerful. His Grace always follows His devotees wherever they are.

Keep your faith intact. Be faithful in your endeavours.

Blessings are assured.

Guruji's Immense Blessings on my Grandmother

Whatever it is that you fear, take your mind away from it and leave it to God. Have faith in Him. Most of our sufferings emanate through worry. Why suffer now when the adversity has not yet come?

Since most of our ills come through fear, if you give up fear, you will be free at once. Every night before you sleep, affirm yourself by saying this prayer *'My Guruji, my Father is with me. I am protected'*. Mentally surround yourself with positivity and you will feel His presence and protection around you.

When the consciousness is kept on God, you will have no fears. Every obstacle will then be overcome by courage and faith.

Fear comes from the heart. Whenever you anticipate with great apprehensions of some illness or trouble, you should inhale and exhale deeply and slowly several times, relaxing with each exhalation. This helps the circulation to become normal. If your heart is truly quiet you cannot feel fear at all.

Uproot your fear from within by concentrating on your courage and by focusing your mind towards God.

Feed your faith. Your fear will starve to death.

*'Haalat Sikha Dete Hai Baatein Sunna Aur Sehna
Warna Har Shakhs Apne Aap Mein Badshah Hota Hai'*

It is the irony of life that we visualise the status of a person according to his prevailing circumstances. Every person is

fighting a different battle, having an inside story which the World doesn't know. We always consider a distressed person as a weakling.

Here in this world it is easy to fight your personal battles but the hardest thing to combat is the indifferent behaviour of people towards you. People always take advantage of their power and money in front of those whom they consider weak. They have a notion to own a right to speak harsh words and impertinent language towards others. Any act which is meant to demean others is not an act of bravery rather it shows your cowardice and poor upbringing.

Every person is a king in his own eyes and has ample power to retaliate to your words but due to their own limitations they prefer to remain silent and leave it to God to make final judgement. Always remember that when a person silently endures your inflicted pain, then nature will take revenge from you in any form.

Wisdom comes from experiencing hardships which nourishes your soul and makes you a wise person. Those people who struggle in life should deserve more respect and honour in society rather those having money and power.

My grandmother was having high fever since 3-4 days in the month of June and we were really worried as the fever was not coming down and since Covid-19 virus transmission was already at its peak and one of the symptoms of this disease was high fever, we got all the more worried for her health.

My grandmother suffered from urine infection 2-3 months ago so we were thinking that the fever might be due to urine

infection but at the same time there was a fear of Covid-19 virus too and we were hoping that it should not be Covid-19 in any case.

We called the doctor at home, he checked her and said it might be a urine infection, however, he suggested that we can also get the test done for Covid-19.

We were really worried and didn't know what to do, meanwhile I thought of sending Guruji's Sachkhand Parshad through courier from Delhi to Kolkata. The next day I somehow managed to send the courier which got delivered in a time span of 3 days. It was delivered exactly on the same day, when the reports were supposed to come. Everyone in the family had Sachkhand Parshad.

With Guruji's immense blessings, just after they had the Parshad, within no time we got the reports which clearly mentioned that she has tested negative for Covid-19 and had some urine infection because of which she had high fever.

She is now better and with Guruji's Grace, she will be fine soon. One thing I would like to mention here is that they are not a follower of Guruji but they chant Guruji's Mantra Jaap daily.

'Faith & Blessings can't be seen through the naked eye, but has immense power to convert Impossible to Possible'

Love you Guruji
Shukrana Guruji

Satsang shared by Devotees

‘How I got connected to Guruji’

One of my close friends, a follower of Guruji, asked me a couple of times to accompany her to Bade Mandir but I never went along. I have been an ardent devotee of Goddess Kali so somewhere I felt why I should go there when I am a worshipper of Goddess Kali.

In the year 2017, she once again asked me to accompany her to Bade Mandir on a Monday. Finally, I gave in and went along but I had my own inhibitions.

To my utter surprise, when I entered the premises of Bade Mandir, I felt amazingly peaceful and connected instantly with Guruji. I felt calm and loved the serenity of the temple.

Since then, there is no looking back. Guruji has been my Guardian and whenever I am in a trouble or am unhappy I completely surrender to Him all my troubles and He takes care of all my troubles and never disappoints me.

Thank you Guruji for taking me and my family in your sharan.

I regularly clean Guruji's swaroop at my home before putting Chandan tika to Guruji. One fine day, while putting Chandan tika to Guruji, I noticed an 'Om' on the forehead of Guruji in yellow chola. I was immensely delighted to receive Guruji's blessings. Jai Jai Guruji.

Sometime later, again, while putting Chandan tika to Guruji, I noticed an 'Om' on the forehead of Guruji in white chola.

Shukrana Guruji for blessing me and my family. Keep blessing us.

I was not aware that to some, Guruji gave darshan in the form of butterfly and when I came to know about this, I too, like a small child, craved for His darshan in the form of butterfly. Since then, I often noticed a yellow and a black butterfly flying around me when I go to my balcony. Shukrana Guruji for hearing my prayers and for fulfilling my wishes.

Guruji blesses each of His sangat. He loves each of His sangat. All are equal in the darbar of the Almighty God -Guruji. It is for us to have complete faith in Him and let Him take complete control of our lives. The least we, as humans, can do for Him, is to love Him unconditionally and have complete faith in Him. Love you Guruji for everything.

**‘Guru Guru Gur Kar Man Mor,
Guru Bina Mai Naahee Hor’**

I have no other than the Guru. To me, Guruji is my Guardian and I lean upon His support today, tomorrow and forever. I seek His advice for every little thing I do and I leave every little thing to Him to be taken care of by Him. When we are in His sharan, there is no need to worry. Leave all your worries to Him. Remember Him and His blessings in good as well as in tough phase of your life and He will not fail to surprise you with His immense love and blessings.

‘Mera Baid Guru Govinda’

I have been suffering from knee pain since a very long time

and my Orthopaedist strictly instructed me not to sit on the floor. Whenever I visited Bade Mandir or went to satsangs, I was not able to sit on the floor. Somewhere I wished I was able to sit on the floor because when I visited Bade Mandir I could never sit in the darbar and had to sit outside the darbar. Knowing the fact that Guruji is everywhere and blesses everyone irrespective of where one is seated, I still wanted to be able to sit in the darbar.

On a Monday, me and my younger daughter went to Bade Mandir and just when we were about to enter the darbar, my daughter asked me to sit in the darbar on the floor and not worry as Guruji will take care of my knee pain. To my amazement, I was able to comfortably sit for good ten minutes and could comfortably get up. I knew it was all due to Guruji's Kripa.

Jai Guruji Shukrana Guruji

‘Satsang in my Dream’

Recently, one Sangat uncle known to my elder daughter, called her and wanted to give two big-sized Swaroops of Guruji for sewa in satsangs and wanted to keep those Swaroops in our house for further giving them to sangat for satsangs.

My daughter immediately agreed, rather happily agreed to it and we were so excited that Guruji chose us for this sewa. My daughter accordingly coordinated with him and he came with Guruji's swaroops in a cab.

Just when the cab stopped near the gate of our house, two

butterflies were seen flying around in our balcony. Jai Jai Guruji.

Since then, I have been getting a dream in which one of the big-sized Swaroops in Yellow chola, which has just come as a blessing, is placed behind Guruji's gaddi and satsang is being done, in my house and somewhere else as well.

I took it as a hukum of Guru Maharaj and did satsang with the same big-sized Swaroop in Yellow chola which I saw in my dream.

Jai Guruji.

Lastly, I would only say that Guruji is the Creator of the Universe, He is Mahashiv and He Himself shall take care of it. We cannot give anything to Him but the least we can do is to love and respect Him and surrender to Him completely and have complete faith in Him.

Mango Nabi Manno, don't ask but obey.

Learn to live in His Razaa (His Will) and you will be taken care of by Him forever.

Jai Guruji Shukrana Guruji Love you Guruji.

Keep blessing us.

Always at your Lotus Feet,

Shilpi Paul, New Delhi

A Devotee, July 2017

‘When the Guru touches you, magical things happen’

I often used to see cars with stickers having 'Guruji', 'Blessings Always Guruji' written on it, never did I realise that they were the blessings of Guruji till I myself got connected with Guruji. My mother and my sister connected with Guruji and started going to Bade Mandir and soon they wanted to hold Guruji's satsang at our place knowing that I didn't follow Guruji. But I never objected and willingly helped them in all the satsang arrangements. On the day of the satsang, I felt immense peace and the ambience during the satsang was beautiful. I feel blessed that Guruji came to our place even before I got connected with Him or even before I went to Bade Mandir. Soon thereafter, I attended a satsang and I felt blissful. Thereafter my mother took me to Bade Mandir. Bade Mandir is heaven on Earth literally. There is so much positivity. When I sat for chai parshad, I felt not leaving there ever and tears came out as if all the negativity in and around me is going away. Since then, there is no looking back.

How beautifully Guruji reads my mind. Whenever I yearn for Guruji's darshan, I see a car passing by having 'Guruji' or 'Blessings Always Guruji' written on it or I see a butterfly around and I say 'Jai Guruji'.

‘My birthday with Guruji’

My first birthday, since I connected with Guruji, coincided with Guruji's satsang at one of the sangat's place, who was known

to us. My mother and sister who were regulars at Guruji's satsang held at her place and my sister being a sewadar there, the sangat aunty knew about my birthday beforehand and my sister arranged for my birthday cake to be taken to her place and to be cut in front of Guruji after the satsang. When after the satsang, I cut the cake in front of Guruji, I was on the top of the world. I felt highly elated and I couldn't have asked for more. Thank you Guruji for all the love and blessings.

'Happy Birthday Guruji'

Guruji showered immense blessings on me and my family on His birthday. Firstly, Guruji gave Hukum to do cake sewa on His Birthday (Guruji also gave darshan in my dreams where I am doing sewa and when I am done I sit at His Lotus Feet and Guruji asks me 'Sewa kar ayi theek se' and I say 'Ha Guruji') and shortly later He gave Hukum to do satsang on His Birthday. With a timeline of just 4 days, we have arranged Guruji's chola as per His instructions and rest of the things was managed by His Grace. And the colour of the chola was also decided by Him which was a mix of off white, red and green. And finally with Guruji's blessings, we did satsang.

'Hamra Thakur Sab Te Oocha'

During one of my visits to Bade Mandir, on a Monday, I eagerly wanted to sit in Guruji's darbar for some time and since I went with my mother who can't sit on the ground, she sat outside, and I entered in the darbar to sit for some time. But when I reached near Guruji's gaddi, sewadaar asked me to bow down and keep moving as they were not allowing

anyone to sit. I insisted that generally sangat is allowed to sit but sewadaar denied. I kept moving but I was very angry with Guruji. In my mind, I told Him that it is so unfair. I wanted to sit for some time but you didn't let me sit and I went out of the darbar. Now my mother is not aware of all this and thinking that I am sitting in the darbar she kept sitting outside. By then, I came out of the darbar and had jal parshad, and stood outside the kitchen, waiting for my mother to come out of the darbar. I didn't had my watch or mobile with me but I could sense that it's been long that I waited. I stood and stood outside the kitchen and what I could see the kitchen wall had three swaroops of Guruji and above I could see the Shiv Linga. It must have been around 45 minutes that I stood and waited for my mother. Then I requested a sewadaar to let me go from the way near Guruji's kutiya to the darbar so that I can bring my mother along and the sewadaar readily agreed. I went back to my mother sitting outside the darbar and together with her went inside the darbar and once again bowed down in Guruji's darbar and came out of the darbar. I then realised that since I was angry with Guruji that He didn't let me sit in His darbar, He made me stand outside the kitchen having His three swaroops and Shiv Linga above, listening to the beautiful shabads, for good 45 minutes, He made me have His darshan and made me bow down in His darbar not once but twice. Thank you Guruji for fulfilling even my smallest desire.

Whenever I write my exams I ask Guruji to hold my hand and grant me with decent marks and He always ensures that I get decent marks. Thank you Guruji for always being with me.

With Guruji's Grace, I wrote a satsang around 7-8 months ago and shared it with the Bade Mandir Management for getting it published on the website of Guruji. One day I was upset and in my mind I told to Guruji that "You don't love me like you do to your other Sangats" and I forgot about it completely. The next day, I received an email from Bade Mandir informing me that my satsang has been published on the website. I got my answer. After 7-8 months, my satsang finally got published on the website, with Guruji's Grace. Thank you Guruji for always answering to my prayers.

In February 2020, a Sangat aunty and her uncle (husband) known to us, held a satsang of Guruji, to celebrate their wedding anniversary with Guruji. Since me and my family were close to them, I was given the sewa to distribute bracelet parshad to all the sangat. But my practical exam also coincided with the satsang and I was very upset still I told them that I will try my best to come early. Satsang was to start at 1 pm. At around 11.45 am I was still at the examination centre waiting for my turn, and praying to Guruji that I want to reach on time. Just then the incharge stood near me and quietly asked if anyone is in a hurry and I immediately stood and said "Yes, I want to go early as I have to attend a Pooja". She asked me to stand in a queue and within half an hour I was done with my practical exam. I already had my cab waiting outside. I got in and rushed to my home to change and go to the satsang. By 2.15 pm or so, I was there in Guruji's darbar, doing my sewa. Thank you Guruji for never disappointing me and never failing to surprise me with your blessings.

‘Mere Satgura Mai Tujh Bin Avar Na Koe’

Without you Guruji, I have no other at all. You are the anchor of my life and I look upto you in my highs and lows. Without you, I have no existence. I wish and pray that you keep me and my family at your Lotus Feet today and forever. I can't thank you enough for all that you have been doing for me and my family. Please keep showering your blessings upon me and my family in this life and forever. Love you Babushona (as I lovingly call Him).

‘Change in perspective towards life’

Guruji often said that we should not think or say ill of others or do ill to others and if we criticize someone then it only adds to our bad karmas and our share of blessings too passes on to the person who is being criticized.

Ever since I connected with Guruji, there is a gradual transformation in my perspective towards life. There is a constant thought going on in my mind that Guruji is reading my mind and watching me over and if I do ill to anyone or say or even think ill of anyone then Guruji will get annoyed with me and I never want that to happen.

I am not perfect, nobody is. We are humans and bound to commit mistakes. I am still learning to follow what He said and would urge those reading this to inculcate into your lives what He said and you will see a sea change in your life.

‘Guruji’s Love for His disciples’

Guruji loves His disciples (Sangat) and to Him, they are family. He is always forgiving us for all our wrongdoings and sins. All He wants from us that we love Him and have complete faith in Him and surrender our lives to Him completely and let Him be the anchor of our lives and we shall all sail through it smoothly.

Love is all what He wants from us. He listens to our thoughts and prayers and grants us what is right for us at the right time. We should not question Him ever but have complete faith in His blessings.

We should not do ill to others if we can't do any good to them and love Guruji and have complete faith in Him. If this is what we all adopt, or even start to adopt, our lives will become much much better and we shall be forever blessed by Guruji.

Thank you Guruji for always being with me and my family. Forgive us of all our sins. Be with us forever.

Forever and ever at Your Lotus Feet,

Jai Guruji

How I got connected to Guruji

My journey with Pyare Guruji started in November 2009 on Guru Parv day. I remember very clearly that my cousin who used to visit Pyare Guruji had been telling me since the last couple of months to open the page of the Bade Mandir and read about Pyare Guruji Maharaj.

I was however not aware of Him that time and kept the reference away for some other time. After few days, I got a call from him as to whether I had gone through the site or not. I told him ‘*Not yet*’ but then that evening I finished my work early and I was sitting free after 7.00 p.m. in my lawyer’s chamber and all of a sudden I felt somebody telling me to open my laptop and check the site of the Bade Mandir.

I distinctly recall that immediately I opened the laptop and typed the address of Mandir and the first thing I saw was His Swaroop and believe me I was struck with awe, I had never seen such a kind looking person as if telling me ‘*You have come at last*’. I recall going through the Satsangs of the Old Sangat in the book ‘Light of Divinity’ and I was impressed – then I saw the photographs of the different functions in the Bade Mandir and I was struck by the way the Sangat used to bow in reverence before Him – then I moved on to the videos and saw the different functions held there in the Bade Mandir – the Shivratri, Baisakhi, Guru Purnima, Guruji Maharaj’s Birthday on the 7th July – and the New Year eve function – in all these functions I saw the Sangats to be mesmerized by Pyare Guruji

and the utter devotion they had in Him – it also showed me the love which Pyare Guruji had for His Pyari Sangatji – in all this I noticed that it was getting late and I decided to watch the next day – it was midnight when I closed my laptop and there were missed calls from my home which I forgot to pick as I was so busy with this. It is actually strange that I didn't even hear my phone ringing although I had both landline and mobile phones in my office that time. I immediately rang up at home and told them I was on my way to home.

After few days, I was again checking the same page on the laptop and it was turning very very interesting. That day I checked almost all the videos of the functions being held at the Bade Mandir and I felt as if there was a void in my life waiting to get completed. I felt as if my life was incomplete without Pyare Guruji and He was calling out to me to join Him at the Mandir. I didn't know that time but actually my bad time was just starting and since nothing is hidden from Him, He wanted I should come in His Sharan. Another thing I must share here as if there was some Karmic or cosmic relationship between me and Pyare Guruji as nobody calls as He did – sweetly but firmly as if there was some urgency in His calling. Sure enough after a couple of days my cousin rang me enquiring whether I had checked the site or not and what was my reaction – I was excited to hear my cousin and told him as if I wanted to visit this place where Pyare Guruji lives and He was calling me – so he told me *'Fine, we will go together'* as I didn't know anything about the location or anything.

I personally discovered Pyare Guruji or to put it rightly He discovered my existence and called me immediately - in fact it was after a few readings of the online Blessed Bade Mandir site that I got immediately attracted to Pyare Guruji and immediately thereafter on Guru Nanak Parv in November 2009 He called me to Bade Mandir. That time I wasn't aware it was a function day at Bade Mandir. It was only when I saw lots of Gurdwaras decorated and all lit up on the way that I got to know the significance of that day - in fact before starting my journey on that day to the Bade Mandir along with my cousin, I went and bowed before the Sector 18 Gurdwara at Noida.

After reaching the Bade Mandir we all got separated from each other and I realised I was on my own - at the Ganeshji Darshan I was immediately attracted to its aura and felt it's eyes were twinkling - when I went inside the Samadhi it was an absolutely electrifying experience - I went around the Samadhi as was done by everyone but on the last Chakkar my hand automatically went and touched the Samadhi - I felt I was accepted by Him - when I reached the main Darbar it was as if I was destined to come here and He was telling me *'Now that you have come but will go back only with my permission'*.

I got a seat right in front of the Gaddi in the front row and since it was my first meeting with Pyare Guruji Maharaj I felt a bit odd but lucky being able to sit right in front of Him - but then with Pyare Guruji Maharaj everything happens with a plan, nothing is by chance. As the Shabad Gurbani started I felt transported to another world and I lost count of time and the place. Since I was quite fond of Shabads I

felt quite at ease, however, this was different I soon felt as if I was getting Goosebumps on my skin and I could sense the presence of someone very Divine on the Gaddi - I couldn't spot anyone but I was getting attracted to the thought that Pyare Guruji Maharaj was sitting right there and working on me - sure enough after 15 minutes of the Shabads, my eyes started to overflow and I couldn't stop the tears from silently flowing out and I just couldn't stop crying - it wasn't weeping, it wasn't sobbing but as if the insides of my heart and soul were being cleansed and were flowing out slowly. I had the most satisfying experience that day - the Langar Prasad was a very novel experience, sharing it with three other Sangats whom I didn't know but later whom I came to call all of them my family. In fact as I now look back on my life so far and the situations from which Pyare Guruji Maharaj has got me out of Without my realization, is really amazing.

Jai Guruji Maharaj Blessings Always Guruji

Sangatji,

Myself Rupa Chakraborty, a school teacher, mother of Subhobroto (Subho).

He is my only son, my husband expired thirteen years ago and since then Subho took the entire responsibility of the family. He works in an MNC, from his childhood he is disciplined and obedient. He is a very good listener but feels shy in expressing his views.

Jai Guruji Maharaj.

I have no words from where to start my journey with Guruji, I got connected with Guruji in the year 2016. Whenever I got time I went to Bade Mandir for Guruji's Darshan. I felt a divine peace there but I was not a regular visitor though I have full faith in Guruji.

In January 2017, Subho my son was diagnosed with blood cancer. Since then life had totally changed.

After treatment he was leading a normal life. This was the misfortune of my family when (on 3rd December 2019) we got to know that Subho had second time been diagnosed with blood cancer.

Doctor said condition is serious and immediately required a full course of treatment. Destiny managed to hatch a serious

plot against us, we were going through a very tough phase of life during that time. Sailing through a trail of thorns, within a second the scenario of my life changed into darkness. I didn't understand what to do, to whom I should call, who will save my son's life and I was totally hopeless and confused.

In some moment, this news started spreading among my relatives, colleagues and Subho's friends.

Everybody was shocked to hear the news of Subho's illness.

I couldn't stop my tears but I thought at that moment I have to be very strong in front of my son because within seven days we have to prepare for the treatment.

No manpower in my family, only my brother was beside me. But by the Grace of Guruji, one of my son's friend Pallavi came forward in my life.

She gave assurance of Guruji and she told me '*Aunty please don't worry, Guruji will save his life and nothing will go wrong*'.

That time these words gave me a support and she asked one of the Guru Sangat- Deepa Aunty for Sachkhand Parshad and also arranged Jal Parshad and Sweet Parshad from Empire Estate for my son and we received it.

I started giving him Parshad regularly and I had full faith in Guruji that He will help me to overcome from this difficult phase. I also started doing Guruji's Mantra Jaap for my son's speedy recovery.

But the difficult phase of treatment was about to begin and we both took six months' leave without pay. Fortunately, Subho had his mediclaim which has helped a lot. With Guruji's blessings all his friends came forward to help him in many ways, they stayed in hospital turn by turn giving their valuable time for him.

When we met the doctor at Venkateshwar Hospital for his treatment, the doctor said it will be a six months' process, first three cycles of chemo will be done with a gap of 21 days. He also added that he will use more strong medicines this time and after that process one PET scan will be done which will decide the further course of treatment. Then the minor procedures started from 3rd to 12th December 2019. In this period of time, I used to call Guruji and tell Him '*Please Guruji give strength to my son to bear the pain*'. Finally the first chemo session started on 13th December 2019, and my son was admitted for 5 days. I took Guruji's Jal Parshad and Locket Parshad to the hospital.

The procedure started from morning and continued till night and his friends were attending to him in the hospital.

This time medicine was very strong so many complications started from day one.

Gloom, despair, despondency and catastrophe were all in full swing in our life and I was feeling highly worried about his sickness. I was going through a very hard time of my life. The struggle between life and the terrific disease was going on because after every chemo he faced acute painful side effects.

I could feel his pain but physically couldn't do anything about his pain. He always asked me *'Ma, Guruji is not listening to your prayers, not coming to us'*. I replied to him saying *'Guruji will come and He will save you from every difficulty'*. Sometime in hospital I could smell a very sweet fragrance and I thought it is Guruji's presence and He has come to help my son. Jai Guruji Maharaj.

Subho was going through a tough time during the entire treatment, every day he was facing a new pain and a new trouble.

His veins were burnt due to pricking of needles and chemo medicines. He had accumulated water in his chest and stomach with severe breathing problems.

Same time we were told by the doctor that he had low haemoglobin and less platelets.

Guruji's blessings can do wonders, I personally observed that during his treatment. We were facing difficulties in every step and Guruji was solving it every now and then. Like he required blood platelets transfusion and immediately Guruji arranged it. Rakesh, a guy whom we personally didn't know, happened to be a friend of Pallavi and within one hour Rakesh came to the hospital to donate blood/platelets and all the process of blood transfusion took place.

With Guruji's Kripa only it happened.

Shukrana Shukrana Guruji Maharaj!

During this difficult phase everybody - my family, relatives and friends were worried about his health. They were all praying

for his speedy recovery and from time to time they connected with me through phone.

I believe that behind every big or small cooperation done by everyone, it was not possible without Guruji.

After three months of treatment and three cycles of Chemo, we went for PET scan. The report of PET scan was not at all favourable which was expected, Doctor was himself worried to see the report.

He was now confused and didn't understand what should be the next line of treatment.

So then he decided to do some sort of experiments with medicines and after hearing all negative views from Doctor we were losing hope in him.

We were confused what to do next and I was constantly praying to Guruji to help and save my son's life. Guruji's blessings are endless.

From here our journey took a new turn, we immediately took a decision to consult the Head of Oncology in the same hospital for second opinion, though Subho's reports were not good.

The new doctor was also worried after seeing his reports, he said for 2-3 more scans because his physical condition was not very good.

He had severe breathing problems because of the water filled in his stomach and chest. We were perplexed to the extreme every moment by the medical predicament of my son.

After going through all the reports, Doctor immediately admitted him to drain out the water. The process was done again and he was admitted for 5 days. During that time, doctor gave him oral pills which were Oral Chemo. That was Guruji's blessings and miracles, Subho started feeling better and reports were better. Till today he is under medication and feeling much better.

I must say that Guruji Maharaj's blessings have always kindled a new pulse of dynamic tempo in me to strive divine luster beyond and beside excellence. The omnipotent God of Power and with His universal presence always there along with His incredible blessings and boon to strengthen every petty humanitarian soul.

In the end, I must say Guruji is Omniscient. If He is with you, any miracle can happen. Few lines at His Lotus Feet...

तेरे दर पर आकर हर मुश्किलों को किनारा मिल गया जय गुरुजी ।
मेरे बेटे को जिँदगी बक्शदी, मुझे जीने का सहारा दे दिया गुरुजी आपने ।

Thank you Guruji Maharaj for everything.

Blessings Always Guruji.

Jai Guruji Maharaj.

‘Blessed with His Grace’

Nothing is coincidence in Guruji's world. Guruji decides when He wants you to connect with Him, through whom and what has to be done with your life.

I was destined to know about Guruji in the year 2018. It was through my astrologer who we have been consulting since almost 10 years.

My parents had been trying to get me married since a very long time but due to some or the other complications in my horoscope that was not happening. On 16th March 2018, my astrologer spoke to me and I still remember her exact words. She said *‘I have sent you a few videos on WhatsApp Group of Guruji. I have started following Him few months back and believe me, the things I felt were not possible astrologically, I have seen Guruji make it happen’*. She said as soon as she started trusting Guruji, she felt the urge to share with me about Guruji.

She told me how Guruji is known to bless people especially for health and marriage.

So without questioning further I started watching the videos she sent me and continued to watch them on YouTube for almost 5 – 7 hrs.

I could not understand what was happening to me as I could not stop my tears and kept on crying. The urge to watch more and more videos grew everyday and I just wanted to go to His darbar and take His blessings.

On 2nd April 2018, a Monday, early morning Guruji allowed me to go to Mumbai Darbar. By then I had heard about so many satsangs and experiences of Sangats but I had myself not experienced anything. Hence I was eager to go and feel the aura or a miracle which would make me sense a connection.

I went there with extremely high hopes. But unlike what I had thought, I felt nothing! I felt good of course, like you feel when you go to any temple but I was disappointed as I could neither connect with Guruji nor feel Him in any way. I told my astrologer I will go again to try maybe I will feel something the next time. I went back home and slept off. That time Guruji came in my dream in a white chola and spoke in Punjabi. He said in 2 months He will sort my marriage issue. Unable to process that Guruji was actually giving me darshan, I suddenly woke up and thought because I was thinking so much about experiencing something miraculous, it was my mind that made me see Him in my dream. I left the thought and checked my phone. I had received an email from a recruiter in Dubai calling me for an interview. I had been applying for a job in Dubai since 8 months. Never did I receive any call or email ever. I don't know from where this recruiter got my details but called me for an interview. I was astonished and started feeling that Guruji is actually doing something. I was happy and excited and with His blessings I quickly booked my tickets and visa. In few days I went to the ashram again for His darshan. I tried a lot to concentrate on the shabads and tried to meditate but again I did not feel any connection nor did I understand any shabads playing. Within 1 week the recruiter called me and

said that they had already hired someone. I was very upset but somehow I knew that if Guruji has made plans for me to reach Dubai it had to be for a reason. I did not tell my parents anything about the interview being cancelled and decided to go to Dubai anyway.

On 13th April, Baisakhi, I wanted to take blessings from Him before I leave for Dubai. I was almost 2.5 hrs away from the ashram and no one was ready to accompany me as it was Baisakhi and a bank holiday too so everyone I knew was sure it will be crowded and there would be a lot of traffic jam. Something within me just asked me to go and I kept thinking I have to go to take blessings, this is my 'Insurance', so I decided to go alone. Unexpectedly, I reached there without any traffic or problem and sooner than I thought!

The moment I stepped in His darbar, the shabad started playing '*Satguru Aayo Sharan Tumhari*' and I instantly could feel His aura around me. As I went near His gaddi GURUJI SPOKE TO ME!! HE SAID... '*AAGAYI, DEKHA MAINE BULA DIYA NA TUJHE*' I was awestruck. Words cannot express my feeling and tears just started rolling down my cheeks. In the crowded darbar, He made me sit right in front of His Gaddi and I started thanking Him for connecting me to Him, for letting me feel His presence.

I closed my eyes and prayed that I should always be in His sharan. Immediately I could feel some pressure on my head. I knew it was His Lotus Feet on my head and the shabad started '*Jo Mango Soi Soi Pavo Apne Khasam Bharosa*'. I felt ecstatic, I

finally could understand and feel all that I had heard about Guruji connecting with His sangat.

As I kept thanking Guruji for blessing me, Guruji gave me a vision. In my vision I saw I was with my friend Rishi who was already in Dubai and 1 or 2 kids. I instantly knew my vision meant I was married to him but I also knew it was absolutely not possible. But little did I know that Nothing is Impossible for Guruji.

When I reached Dubai, the recruiting company contacted me again and somehow arranged my interview with the same company. On 16th of April, I got the same job for which I was called to Dubai, a job that was already given to someone else. So within 1 month Guruji made me move from Mumbai to Dubai with a new job.

Now, I was anxiously waiting for the 2 months to pass and was eager to see what was going to happen as it was impossible for anything to materialize on my marriage front so soon, especially when I was also away from home.

In exactly 2 months, on 2nd June 2019, as Guruji had told me, I was speaking to my mother over the phone and suddenly out of nowhere she said '*Nikki, I think Rishi is the best person for you and we should consider meeting his parents*'. I was shocked and could not believe to what had happened. Needless to say with Guruji's Grace my friend is now my Husband.

Guruji changed my life in ways I cannot express. Since Guruji has accepted me in His sharan my life has completely changed

and has been miraculous. No amount of Gratitude and Shukrana can thank Guruji enough for taking my life in His hands.

Jai Guruji

Anantam Shukrana.

Jai Guruji!

I would first like to share how I started my journey with Guruji. I feel He is the one to choose me and I was no one to choose Him. I was an ardent Sai Baba follower since very long so my mind was closed to the idea of following any other God or Guruji.

I first, came across Guruji at a bakery shop in Rajouri garden and the aunty who owns the shop is Gaurav uncle's mother-in-law.

At the shop I was surprised to see Guruji's Swaroop was very big and Gurunanak Dev Ji's Swaroop was really small and I was thinking why this is so, so I asked '*Aunty if you don't mind who this person (Guruji) in the photograph is?*'

Then aunty at the shop told me that '*He is VIP ke Guruji and His Mandir is in Chattarpur and all big ministers come there*' to this I told '*Aunty I have no idea*' and I came back.

During the same time my sister also went 2 or 3 times to Guruji's Mandir but I still didn't follow.

About 8 yrs ago, when I moved to Dubai in 2012 and at that time I was looking for group of Sai Baba. I was free and would get bored at home and my urge and hunger for spirituality was growing. But I didn't find any group I could attend for Sai Baba.

So in December the same year, my parents started going to Guruji's Mandir and they kept telling me and I would listen to their experiences.

A month later in January, one labourer/worker came over to my house and asked me if I had some Cds of Bhajans? And I gave him all of my collection, he promised me that he will download them in a pen drive and return it to me the very next day.

Till now he has not returned any of my Cds and all of those Cds were my collection of Sai Baba's Bhajans which I had been collecting for many years. My mood was so off but, who was this guy who had come and asked me for my Cds?

Later, I would understand He was Sai Baba Himself who took all my Cds because He knew now my journey with Guruji would start.

As every morning we used to play them while getting ready. But now, I didn't have anything so I started finding shabads on YouTube as my parents had told me about Guruji's Mandir and that there they played shabads so I started listening to them and started liking them.

So one day, I thought I should look for a Satsang in Dubai, I googled and I found one person and I emailed her, she told me that on 13th is Baisakhi Satsang and do come.

I told her I have Navratri fast and I will not eat anything and she told me to get fruits. Me and my husband went to that Satsang and it was nice.

I got a small Swaroop of Guruji and a few blessings and we came back and I didn't have Langar which they served. I only had the fruit and juice saying I'm fasting. Now I look back and I feel I had made a mistake.

Only one shabad I remember it still plays in my ears if I think about that day was '*Lakh Kushiyān Patshahian Je Satguru Nadar Karein*'. And I came back home.

That time I was reading Sai Sachtra which has to be finished in 7 days. Everyday, I had to read 7 chapters which I usually do as all family members leave for work and school but that day I read only 6 chapters and 1 was still left.

Meanwhile, I thought of calling my friend, who also started going to Guruji while she was also a Sai Baba devotee. All my Sai Baba devotee friends had become Guruji's devotees now. I had a long call with her then I realized that I am yet to finish one more chapter to complete my today's path of Sai Sachtra and as I started reading I was thinking about Guruji and in that Sai Book 3 Satsangs were shared:-

In the first, he said '*Why are you asking people? You will see by yourself*' and I was shocked that I had called my friend to ask her and even I used to ask my mom about Guruji.

दूसरे से क्या पूछना? सब कुछ अपनी आँखों से देखना। काहे को दूसरे आदमी से पूछना?

Then in my mind I was thinking that yesterday at the Satsang all were saying Guruji is Shivji.

And the second satsang that was shared in the same chapter was *'I am Shiv'*.

श्री साई बाबा को शिवजी का साक्षात् अवतार है।

And the 3rd thing that was on my mind was that at the last Satsang how everyone usually said that they see an Om or Guruji's face on His Chola etc.

As in they have Darshans but I didn't feel all that and the 3rd Satsang said *'I don't need a roop or door to prove to you that I am there.'*

मुझे प्रवेश करने के लिए किसी द्वार की आवश्यकता नहीं है

ना मेरा कोई रूप है और ना ही कोई अंत

मैं सदैव सर्वभूतो में व्याप्त हूँ जो मुझ पर विश्वास रखकर सतत मेरा ही चिन्तन करता है उसके सब कार्य मैं स्वयं ही करता हूँ और अन्त में उसे श्रेष्ठ देता हूँ

I was shocked that all what was going on in my mind and I got all my answers in Sai Baba's book. And now they both, Guruji and Sai Baba are one and the same for me.

After that it was no looking back and yes later I found all my collection of Cds but they are all Guruji's Cds.

With all this I felt Baba has given my hand to Guruji that from now onwards my journey of life will be taken care of by our Beloved Guru.

And the Journey is beautiful and full of His blessings.

Jai Guruji

Guruji blessed me with a job!

When I was in India I showed my horoscope to a pandit and he told me that I can't do job abroad.

When I moved to Dubai and after a year Guruji took my journey, everything was moving smoothly so one day I asked in my heart all are busy in their life I wish I could also be busy. After few days, I got a call from a very old friend of mine almost after 10 yrs and she started talking and asked me if I would like to work from home and I said '*I can try*' as at the back of my mind I recalled what the pandit told me.

She passed my contact number to that lady and she called me and explained me everything and gave me 250 phone numbers and a script to learn and asked me to call the customers. The job profile was of Sales. I learned the script and gave a call to all the customers but I got zero response from all of them, some of them gave negative response and I felt broken and I cried '*Guruji, what kind of job is this? Like this, I will not be able to get work*' and I was demotivated.

Next day I told her '*Sorry, I could not book any order*' but she was cool with that and said '*Good that you tried. They were all our customers which I lost due to some irresponsibility of the Company*'. She asked me to not worry and she shared with me so more data to work on but this time it was on emails and I got one response. So I was little happy that I cracked atleast one deal and I got commission for that work though that was not much but I was still happy and could prove that pandit wrong who told me

that I cannot do a job abroad. And the best part of this job was there wasn't any expenses to be incurred towards clothes and travelling as I have to work from home and I could look after my family as well.

When you have Guruji by your side, things change for better. That time Guruji made me read Satsangs similar to my situation and after reading I was sure I will get good response next month. And she called me and said one girl is leaving job due to some reasons and she will hand over her work to me and will also share with me details of new customers. I worked really hard and got good commission that month as well as in the next month.

As we were organic food related company in Dubai, during the months of July and August, people would travel to their home country as during that time, its holidays in Dubai so she had to close orders for that time. But she wanted to come up with something new - detox juices. So she called me and told me that she wanted me to handle her administration work for which I will be paid. On hearing this, I was very happy and I immediately said '*I will go ahead*'.

My job profile was to find minimum price for her bottles, labels, etc. as she wanted to launch juices and I was telling Guruji '*So much work of Google. Please help me*' and then Guruji put in my mind one sangat's name. I called her though she didn't dealt in that but offered to give me a person's number who deals in that and asked me to call him. I called him, he gave me all the information and even told me from where

other companies are taking and in what price they are getting. I was on cloud 9 and next day when I called my boss with all the work done overnight she was also shocked to the core that I have done all this in no time though she told me earlier to take time.

With His Grace, I worked in that company for good 2.5 years.

Guruji made we work abroad. He changed my job destiny and that too which was not my field of work.

‘Guruji Tumhare Pyaar Ne Jeena Sikha Diya’

Life before meeting Guru Maharaj was totally different and difficult. We were living in a different world, where we had everything but life was incomplete.

There are lot of Satsangs to be shared in fact from the year 2015, everyday has been a beautiful Satsang.

Every time I think about Guruji and His blessings, the only thing that comes to my mind is ‘*Shukrana, Shukrana and Shukrana Guruji?*’.

Life is not easy and you realise this when you lose someone who has always protected and guided you. For me that was my mother-in-law, she was everything for me, my inspiration. After her death we saw a downfall in our living but before that could affect my life Guruji held our hands into His.

We are a family of four. Before the year 2015, no one knew me as Anil Uncle was who used to be a Synthesizer player.

I fell sick in June 2015 and I was asked to undergo a surgery. Anil Uncle was also wanting to leave his work by that time because that was not sufficient for our living. He was facing many problems in his work. May be that miraculous time had come when Guruji wanted us to be amongst His blessed sangat.

7th July 2015, Guruji's birthday was the day when I got a new life. That surgery changed our lives completely. On 31st July 2015, Anil Uncle decided to quit his job completely because he

was very much bound in that work. He had lots of household work which has to be done because of my surgery. No one was there to earn for us or take care of us only Uncle was there.

On 2nd August 2015, we both went to the market for buying grocery and we were very depressed as we had no job. On the way, we met an Uncle in whose house I did Sai Sandhya around one and a half year ago. His name is 'Rajiv Relan' and he was staying in Lajpat Nagar, that day he saw us and said '*Aunty kaisi hain?*' And he was totally surprised to see us sad.

Then he told us about the Almighty that day and his words were '*Aunty pareshan na ho Guruji kol jao kal sawaan ka somvaar hain?*'

I asked him whom he was talking about then he told us about Guruji Chattarpur Mandir and he also gave us a beautiful and big locket Swaroop of Guruji.

Me and Anil uncle looked at each other and decided to go to Bade Mandir the next day which was a Monday. Next morning, we went there and when we reached there I thought that time should stop.

I felt we got everything we wanted. I fell down in Guruji's charan and I cried a lot that time but I was feeling satisfied and was feeling greedy.

I asked to Guruji '*If you are there so give job opportunity to Anil Uncle?*' and Sangatji believe it, we just crossed the gate of Bade Mandir and opened our phones.

We received so many calls for Anil Uncle's work and I thanked Guruji 'n' number of times for this beautiful blessing.

After that time, we started receiving abundant blessings from Guruji, so much love, respect and blessings we have been receiving from the entire Guru Parivar in India as well as in abroad.

Being a singer, I was nothing but now I am Guruji Ki Beti, this is a very precious and lifetime achievement blessing for my whole life.

It is Guruji's voice, His bani and His blessings. There are lot of Satsangs but this was our journey to Guruji Maharaj.

Blessings Always Guruji.
Shukrana, Shukrana and Shukrana!

Saving My Mom

I would encourage everyone reading this to share their Satsangs, as it’s been a miraculous week for me, and I hope it would be the same for you as you write and share your Satsangs with everyone who is seeking an answer from Guruji.

My family didn’t believe in Guruji much and I was the only one who was connected from my family, Guruji knows when to connect someone and who to connect. He decides the time for when one can come to satsang, He even decides where you will be sitting and what messages or shabads’ play list would be shared in that particular satsang. Nothing is a coincidence at Guruji’s satsang.

This goes back to a few years ago, I was in Mumbai on my holidays, visiting my Parents as they lived there. Both my parents are in their 60s and have Diabetes and other health issues, it’s always worrying for me and I keep praying and asking Guruji to bless them both and give them good health. Once, at around 3.00 a.m. in the morning, my mother had a severe chest pain and she kept saying she’s having excruciating pain in her chest, my father was like *‘Listen, you’ve had a few drinks so just try and get some sleep as maybe all you need is rest’*. My parents do enjoy a few glasses of whiskey every now and then. Despite having Diabetes they do not exactly follow any diet

or be more cautious about their health. They are the happy go lucky and the make merry kinds.

Anyways, as I happen to be watching this that night, that my dad kept asking my mother to go to sleep, I told my dad *'I'll take her to the emergency in Lilawati as there is no point in asking her to sleep, it could be anything'*. Luckily we live in Bandra which is very close to the Lilawati Hospital in Mumbai, it would only be like a 10 minutes' drive from our house and even though it was in the middle of the night I took my mom and we rushed to the Lilawati's Emergency Room, the doctors did an ECG, and while I waited I kept praying to Guruji, *'Please Guruji take care of my mom, it's too early for anything to happen to her'*.

A little while later my dad came to the hospital as well, and we waited for the doctors to come in and reply to us, one doctor came and asked to do a particular blood test, which actually shows if the person has had a heart attack in the last 24 hours. Dad and I were both quite panicked as my mother is the darling of our house, there is no home without her.

Soon after her blood test, the reports were to come in and they asked me to go to the lab upstairs on the 1st level to collect the report which would state if a heart attack had come in, in the last 24 hours or not. I went upstairs and the lab had a window outside which, there was a table and a waiting area where there were a few chairs kept, I was asked to wait outside that lab area on one of the chairs and after some time they said they would call me and give me the reports.

I kept waiting and praying to Guruji, *'Please Guruji, let my mom not have had any heart attack in the last 24 hours'*.

After some time of waiting on one of the chairs I turned to my right, where the table was kept, and I saw one single pink rose petal there. There was just no way that there could be one single pink rose petal kept on that table and just under the lab window, soon after a few minutes the reports came and it stated that there had been no heart attack only that there were blockages in 2 of her arteries.

Guruji had shown me His presence, in the form of a single pink rose petal. I went down to the emergency and it was decided that my mother would be admitted for a few days, where they would treat her and give her medicines and with which her arteries could be unblocked just by giving medication and that no surgery would be required.

The next day when my dad and I had come home, my father had got a call from the doctor saying that *'If you had not brought her at the right time, things could have been fatal'*.

Thank you Guruji for saving my mother, for sending me to Mumbai during those days, and for giving me enough sense to take her to the hospital at that time when my dad said that we should just let her go to sleep.

No amount of thank you is enough. No amount of words can ever be enough to appreciate all that you do for us.

Please always keep us in your Sharan.

There is no life without you.

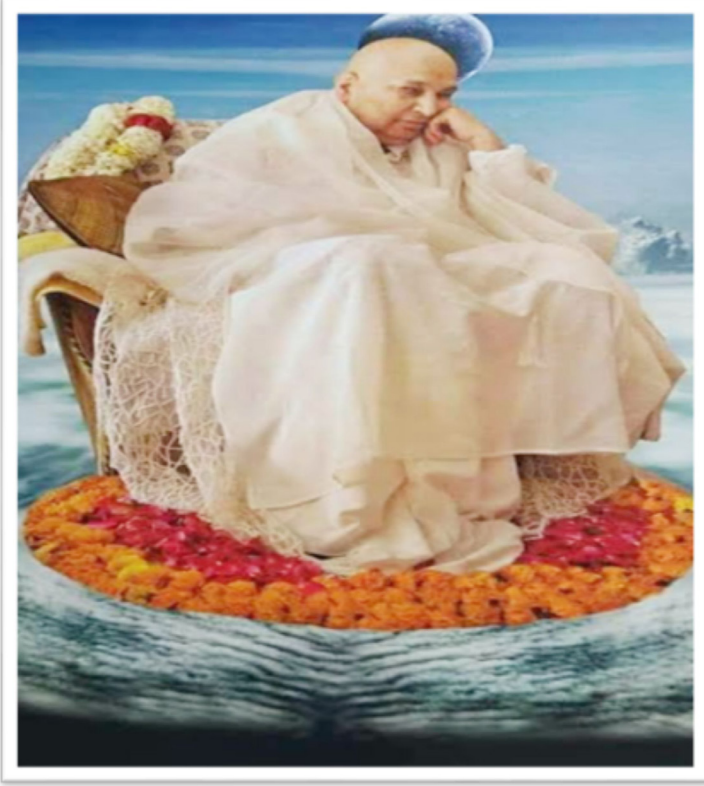

Thank you for showing us the way and giving us guidance at every step of the way.

Lots of love to you Guruji, Jai Guruji

‘Vin Boleya Sab Kich Jaanda’

Dream Cure

I guess some day when I won't be alive anymore, these Satsangs will stay and new Sangat or people wanting to know more about Guruji might read these and feel a Connection, just an afterthought.

Guruji, please keep us humble and grounded as we receive your love and blessings Always.

This goes back to a few years ago, when I first got connected to Guruji. I would love going to Satsangs, the beautiful shabads and the amazing langar parshad had me coming back for more. Chai Prasad was my most favourite thing in terms of langar, it would remind me of school, as most of the time our school would have samosas or kachori at the canteen. Guruji's school of life was no different.

Soon after I got connected to Guruji, I decided I wanted to turn vegetarian and give up non-vegetarian completely, I guess the whole point was how can you be so pure and spiritually inclined being a non-vegetarian, killing a chicken and eating it and calling yourself spiritual and compassionate towards other human beings and fellow birds or species that have a life, was beyond my understanding.

Thereafter I turned vegetarian for almost about 3 years, I would not have any eggs or chicken and that was it for me. Post 3 years, I was starting to feel very weak and I also felt like I was about to faint a few times, I started feeling a lot of anxiety as well. I was at the mall once and I could feel the whole world closing in on me, like I am all alone in the world and I was having some serious anxiety attacks. Not sure of what it was, and shortly after that I took a flight to go to Mumbai, where my family resides. As usual, every time when I am in Mumbai, my parents make it a point that I do all my blood tests and routine check-ups, etc.

It was during these that we found out that I had high levels of TSH, and that I was starting to have thyroid, hence the feeling low on energy and the anxiety attacks, it was all starting to make sense now.

The doctors told me that I had to get on medication ASAP, and that in thyroid there is a tablet that you take first thing in the morning and that, it is for life.

This whole concept of being on medication forever in my life, just made no sense to me, so I went to the doctor and asked them why have I got it, and they told me that my diet must have had a very low intake of protein and if I can try to improve my diet and lifestyle then there is a chance that I can get better.

I knew that it's because I had given up eggs and chicken and all of that.

I was told to include eggs, etc., in my diet so I went to Guruji's satsang and told Guruji that *'Guruji, you very well know that me turning into a vegetarian was because of you only, and now please make me alright as I don't want to be on any medication, and definitely not on something for life'*. Meanwhile the doctors were forcing me to start taking the tablets and the side effects of those tablets were absolutely absurd. I was sleeping almost 12-14 hours in a day; I told my parents I don't think I can be on this medication anymore and my parents were like, *'You have to listen to the doctors and do what they are asking you to do'*.

After about a month of taking that medication, one night I had a dream, I saw like 5 men who were dressed in black suits with a gun in their hands saying to me *'Goli kha'*. I woke up right after that like at 6.00 a.m. and I went and sat down on my Couch in the living room, thinking to myself that these 5 men in my dream were the doctors dressed in black suits forcing me to have the tablets – *'Goli kha'* means to have the tablets forcefully.

That morning I decided that I'm going to stop this medication completely, that day I sent a message on Guruji's satsang group in Mumbai asking if anyone knew any Homeopaths, and I had a few aunties message me and one strongly recommended a homeopathy doctor and soon-after, I got connected to him. I went and saw this Homeopathy doctor, and one of the first

things he asked me was how long have I been taking this allopathic tablet and I said ‘*About one month*’, and he said ‘*Well, that’s good because any longer than that, homeopathy might not have worked. But we are going to try, and I’ll give you the course, it’s for 6 months and it should sort the problem out from the root.*’

I kept taking the homeopathy pills and I did some acupuncture and I would routinely go for my walks, I started having eggs and had a normal diet, and would regularly attend any Satsangs that I could in Mumbai. And a few months later, I did my Thyroid test again and the levels came back normal.

I know for a fact that my dream about the 5 doctors in crazy all black suits was Guruji indicating to me that these doctors are forcing you to take the tablets, you will be fine, and you don’t need to be on this medication.

Guruji one way or the other shows us, we just need to be able to learn what He is trying to say from these signs, these dreams and all the other beautiful ways He indicates things to us, in Satsangs and through the Sangat. I hope this Satsang has helped in giving answers to some Sangat.

Lots of love to all the Sangat who are reading these Satsangs.

And some day hopefully I’ll go back to being a pure vegetarian maybe when I either learn how to cook better or if Guruji magically sends an amazing cook my way.

Until then, lots of love to you Guruji,
Now and always.

‘How Guruji fills and fulfills our lives’

One day, I noticed that all the perfumes I had at home were finished. I talked it over with Guruji and told Him that earlier I used to go to Dubai and get anything I wanted but now, because of my younger son, I couldn't afford to go there. I repeated the thought to Him. As I was absorbed in these thoughts, a scriptwriter from Saudi Arabia, Aftab, rang up and told me that he was coming to pay us a visit. He came with a huge packaged gift: perfume!

Earlier, when we used to wish for something, we could get it only after great effort, but now as soon as I wish for a thing it is there-because of the blessings of Guruji.

When we used to touch Guruji's Lotus Feet, a rare and heavenly fragrance would come off our hands. We thought that Guruji might be using some rare perfume. But on reaching home, we would inhale the same fragrance in every room. Now, after Guruji's Mahasamadhi, we still feel the fragrance around us. Sometimes for miles and miles, when nobody is around, the all-pervading fragrance of Guruji is there-in the car, at work, or in a court of law.

In this way, Guruji, you are omnipresent! You can see, hear and help millions very moment! Your ways and means are beyond our understanding. Your Grace is such that I am not competent enough to put it to words, or even to understand it, or in fact even to imagine it. My heart chants: *‘Hari Ananta,*

Hari Katha Ananta'. There is no beginning or end to Guruji. His Leela is endless and beyond understanding. My heart cries out, '*Guruji Aap Hari Ho, Har Ho, Har Har Maha Dev Ho*'. Everybody has seen Om, Shiva Linga and Trishul made of ashes on Guruji's samadhi. On all photographs of Guruji that are at my home, Om, the trident, and three-eyed Lord Shiva have started appearing. Sometimes we have had the darshan of various gods and goddesses on the forehead of Guruji.

In the Bade Mandir, Guruji has often given darshan to His devotees. The swing installed at the rear of the Mandir, outside His room, has been known to start swinging with great force. Many devotees have captured such darshans in their mobile cameras.

Guruji's sublimity and His glory are indescribable. He symbolizes Divine Energy and Divine Light-at once eternal, everlasting and infinite.

Guruji beautified my life and spiritualized my art. But for Him, my whole life was just rudderless. It was Guruji who gave a definite meaning, sense of purpose and direction to my life which was otherwise drifting and tossing aimlessly on the stormy high seas. My life was like a faint pencil drawing; Guruji filled it with lovely colours and gave it wonderful shape. I was a piece of useless string; then Guruji touched it with His divine hands and produced melodies. My life, which was in doldrums, suddenly acquired a new meaning and a new purpose. Our whole life-domestic, financial, professional-has miraculously turned the corner. We were just base metal and

Guruji's alchemical touch turned us into gold. We were like crippled birds imprisoned in a cage. Guruji has set us free, blessed us with wings, enabling us to soar in the open skies at will.

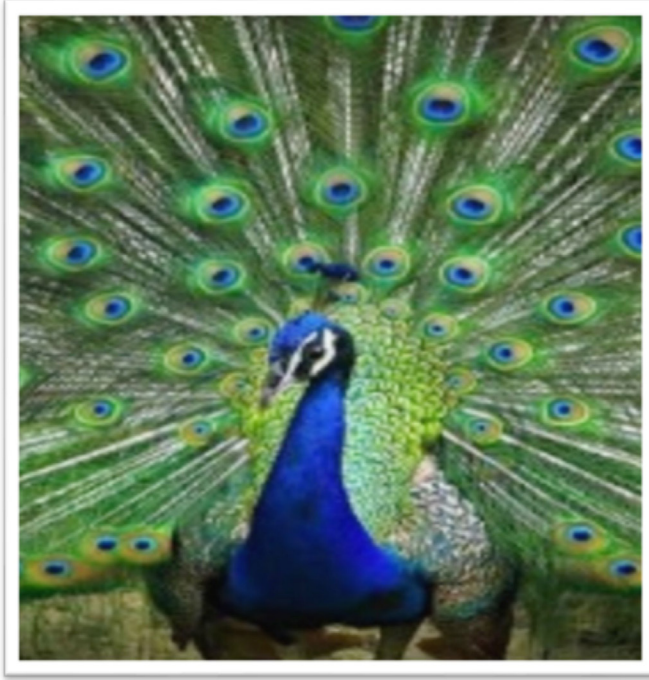

Many a time, Guruji has given darshans on the big Shiva Linga. Again and again my heart cries out, 'O Guruji, be merciful to all of us and shower your mercy upon us. Let us remain at Your Lotus Feet for all times to come. O Satguru Piara Mera Naal Hai...' It is the only thing that keeps us going.

These words always keep echoing in my ears: '*Mehran Walia Saiyan Rakhein Charna De Kol (Guruji, you are our Beloved. You are always with us. O! merciful Guruji, always keep us near your Lotus Feet)*'. Guruji you are my mother. As a mother knows whether the child is hungry or dirty, in the same way, Guruji, shows mercy upon us. You alone know what is good for us. Therefore, Guruji '*Jaihi Vidhi Rakhe Aap Tehi Vidhi Rabia? (We remain in whatsoever state you wish to keep us)*'. Often, I receive His messages through the sangat. In every Satsang I get the solution to every problem that I have been facing. Whatever question arises in my mind, I get answers from the sangat (*Guruji, aap jinke karib hote hain, woh bade Khush naseeb hote hain*) *Guruji, they are the luckiest who are near you.*

‘Apne Khasam Bharosa’

On my Mumbai visit, I had learnt Buddhist chanting. A few days after Guruji had attained Mahasamadhi, at about 10 in the night, I was chanting with my face turned towards the wall. First, light fell upon the wall. I closed my eyes, but felt something revolving around me. Then I saw five or six wasps circling me. I didn't know what to do. One of them sat upon my arm but it didn't bite me. I switched off the light but they didn't go away. I stopped the chanting immediately, went to my

bedroom, and told every bit of the incident to my husband. It was beyond his comprehension, too. The next day when I went to Bade Mandir, I learnt that Guruji was against such chanting. Thus, at that very moment I realized that Guruji was preventing me from doing so.

Once I was playing a Shiv aarti CD and doing Guruji's Aarti, I was the only person at home. Suddenly, I could hear a sound close to my left ear. It was as if someone was singing the aarti with me. That scared me, but I could not stop the aarti. I somehow concluded the aarti and bowed to Guruji. Just then, from above my left ear, a black *bhanwra* flew away. Immediately, I understood Guruji was here in that form, singing the aarti with me. I had been unnecessarily scared.

After a few days, we were up against a very adverse spell of time. We had taken a loan to release our CD and not only the date for paying back the loan expired but much more time had elapsed. The man who had given us money gave us an ultimatum. He would personally come to collect the money the next day and would leave only after receiving his money. My husband became very tensed; he told me to arrange for the money somehow; otherwise we would face embarrassment and public insult. I could not find any way out. We had no work for many months; most friends had already given loan to us, and we couldn't ask for more. I didn't know where to go and what to do.

I told my husband that I would not go anywhere to beg for money; all we could do was to sit before Guruji's photograph

and pray to Him. I had fully surrendered myself to my Guruji. Whether we were insulted or helped out of the impasse lay in His hands. I would beg before Guruji alone and no one else. My husband was disappointed and resignedly told me to do what I wanted and added that we should wait and see what Guruji's wishes were.

The next day arrived. The afternoon came quickly, and the evening was upon us. My husband was very upset, but I was constantly hearing a sacred shabad, '*Apne khasam bharose*' (*Keep faith in the divine*).

My faith was rewarded. In the evening, a stranger called. He had been to our website and was full of appreciation for our performances. But, since we had not been sponsored by any individual or agency, he told us that he would like to do something for us. Without imposing any pre-conditions and restraints, he undertook to sponsor our performances and make payments, too. He told us not to bother about the details and begin some musical composition immediately. He was sending money to us. We could not identify the person and we did not know his taste in music.

At 5.30 p.m., a person came and said that his master had sent the money and had given the message that we should start our work immediately. When we opened the packet, to our joy we found enough to pay off all our loans. Soon, we started working for Guruji's first CD, '*Hey Guruji?*'. During this period, Guruji appeared in my dream. It was the night of Amavas and in the morning of the first Nav Ratra (nine sacred

days in which Goddess Durga is honoured), Guruji handed me a pot covered with green leaves and a coconut and then disappeared. When I woke up, my hands were cupped-as if they were actually holding a pot! When I told my husband about the darshan, he said it signifies that it is a good time to start our album. The same day we received booking for ten programmes. Everything was happening in a very normal and natural way. Financially, we began doing very well and our troubles started evaporating.

Today, thanks to Guruji's Grace, my husband's sugar level remains normal and I no longer suffer from any sort of body pain and have become much more active, as if the body's battery has been recharged. My children, who were weak in studies, have started scoring good marks with the Grace of Guruji.

Every song that we sing is offered to Guruji and my choicest one is, '*Tum Jo Mil Gai Ho To Yeh Lagta Hai Ke Jahan Mil Gaya (Since I have met You, it seems I have attained the wealth of the whole world)*'.

**Om Namah Shivay Shivji Sada Sahay
Om Namah Shivay Guruji Sada Sahay**

Jai Guruji!

I have got firm faith in revered Guruji. I got connected to Guruji few years ago and since then I have never looked back. With Guruji's Grace, I have always moved ahead and faced the challenges in personal and professional life with determination and courage. In the last few months, I have been blessed by Guruji, the grace of meditation and rigorously followed early morning prayers to Guruji as per how Guruji instructed once in Chahal Aunty's satsang.

Everyday early in the morning I pray to Guruji and call Him in prayers (requesting Guruji) to come to me in different cholas and Guruji comes to bless (I had prepared Guruji's Asan, offered flowers to Him and decorated the ambience with various flowers). This has been going on for a while now and I feel all charged and positive post my prayers as Guruji gives darshan in specific cholas that I wanted to see Guruji in.

I stand at the door of Guruji's New Jersey temple and do Sewa of holding the door for Sangatji. This one day I thought whether Guruji's coming in my prayers wearing cholas I requested for, is it my imagination or Guruji really appears in my dreams? I was in two minds. While I was thinking of this, the same day I was standing at New Jersey temple's door- for my Sewa; opening and closing the door for the sangats coming in/going out, I felt as if I should sit and meditate for some time and I sat immediately on a chair lying nearby and had a vision there, that 9 to 10 Gurujis are standing in the temple

(from left to right) wearing various colours of cholas that I had been praying to Guruji.

In my early morning prayers, I request Him to come wearing specific /different cholas every day. I was amazed to see this and next morning I got the following Swaroop of Guruji in one of the Guruji's WhatsApp Groups that very well answered my question.

This Swaroop of Guruji has multiple images of Guruji in different cholas and this is exactly how Guruji appeared in my vision at New Jersey Temple.

'Guruji Tusi Jaani Jaan Ho'. Please keep us at your Lotus Feet and never let us wander around.

Here is the image I received today, as Guruji answered my question.

How I got connected with my beloved Guruji!

I often used to spot luxury cars with 'Guruji', 'Blessings Always Guruji' stickers on them and me and my family would have a good laugh wondering who this Guruji was who was only with the Rich.

In the year 2014, a person known to our family told us about Guruji and Bade Mandir and suggested us to visit Bade Mandir. My uncle (husband) decided that we should go to Bade Mandir on 1st December as it was our son's birthday. To this, I firmly said that I do not wish to go there since I have been a follower of Radha Saomi and I follow Babaji. My uncle asked me to go there thinking that we are visiting a Mandir and not with the intent to follow Guruji.

When I went inside, I found that the ambience and beauty of the Mandir was breathtaking. Though darbar was closed but Guruji's swaroop and gaddi was placed outside and sangat were doing Mantra Jaap which was also written there. So I sat there and started doing naam simran of Babaji. Suddenly I heard someone laughing and saying '*Iko hi gal hai*' (*one and the same thing*). My uncle loved the Mandir and started going there often and since Mandir was quite far away from our house so everytime he asked me to accompany him.

With time, we came to know about the mahima of Guruji, how He connected with His sangat through telepathy and instantly I recalled that on my first visit, I heard someone laughing and saying '*Iko hi gal hai*' and I was sure that it was Guruji.

‘Jiske Sir Upar Tu Swami, So Dukh Kaisa Paave’

On one of our visits to Bade Mandir, we got a swaroop of Guruji and while coming back we gave the swaroop for lamination. In the evening, we got the swaroop laminated. Once I received the swaroop, it felt that a voice came from inside '*Guruji chalo apna ghar sambhalo*' (*Guruji, please take care of your house*). The swaroop was big enough for any wall of my house except for the room of my children. When I put the swaroop on one of the walls of my children's room it seemed as if it was meant to be put on that wall only. So I kept aside the swaroop for it to be put on after the drilling is done.

After the drilling was done and the swaroop was put on, when I went to my children's room, I was scared to look at the swaroop of Guruji. The swaroop turned black and scary. I ran away and came to my bedroom and told to Guruji in my mind that I will not put any swaroop of Guruji in my bedroom and I am scared to look at His swaroop.

For the first time, I heard Guruji's voice, He told me '*Chaliye, maine rehna hi tere kol hai*' (*I will be with you*) but still I didn't dare to look up at His swaroop.

Next day, I went to a satsang and it had the same swaroop which was there in my house. Looking at the swaroop, I said to Guruji in my mind that '*Here you are giving beautiful darshan but in my house your swaroop has turned scary*'. Guruji told me that He had taken all the bad and evil effects of my house on Him and so His swaroop has turned scary and black and He also

said that it will remain so for two days after which it will turn back to normal. And really after two days, the swaroop turned back to normal.

I felt the swaroop seemed scary only to me so I cross-checked the same with my uncle and he also confirmed that the swaroop seemed scary to him as well and he didn't dare to ask me assuming that only he felt scary.

So, this way Guruji took all the black magic that was done on me. Though I didn't knew who the perpetrator was but I have been a victim of black magic for 14 years and have been suffering from its evil effects and have gone to numerous persons practising jaadu tona to get myself cured and have spent lakhs but to no avail.

But, when all the doors are closed, Guruji paves way to shower His immense blessings on you and the same happened with me too.

Thank you so much Guruji for showering so many blessings and bringing so much of happiness in my life and for coming into my life.

**‘Rogi Ka Prabh Khando Rog,
Dukhia Ka Mitavo Prabh Sog’**

One fine day, while coming back from a satsang, I met Meenakshi aunty. She asked me from where I was coming so I told her that I was coming back from a satsang. I also asked her where she was going to which she said she was going to visit her mother. I had divine parshad in my hand so I gave her a kaju parshad and she took it and kept it inside her bag.

On reaching her mother's house, she broke the kaju parshad into five to six pieces and distributed the same among all the family members.

Next morning, her brother came up to her and told her that last night, Guruji came and twisted his arm way too hard. When she saw his arm, she noticed that his arm was actually swollen. When she told me about this, I assured her that there is no need to worry and told her that when Guruji did all this, it has to be a blessing in disguise.

Her brother has been handicapped since long and has difficulty in eating with his right hand as a bone in his arm would hinder him in putting his right hand into his mouth while eating and so he ate with his left hand.

Miraculously, how a small piece of divine parshad cured him as the bone in his arm gave way and he is now able to eat with his right hand. Though he never visited Bade Mandir nor he had darshan of Guruji yet when Guruji blesses someone then there is no looking back. This is the healing power of the blessed parshad of Guruji.

‘Guruji Aish Karaande Ne’

Now, 1st December which happens to be my son's birthday holds a very special place in my heart also because I first met Guruji on that day and since 1st December 2014, I have been celebrating this day with my Beloved Guruji.

Om Namah Shivay Shivji Sada Sahay
Om Namah Shivay Guruji Sada Sahay

‘Guruji and my connection’

Jai Guruji! Love You Guruji!

When you do something wrong to someone, then do wait for the repercussions of your bad deeds. We always believe that people who do wrong to others are flourishing in life but it's not true.

*‘Bure logon ko bhagwan bahut kuch dete hai par saath nai dete
Ache logon ka bhagwan imtehaan bahut lete hai par saath nai chodte’*

We all need to understand that karmas has a primary role in our life. Everything you do will surely come back to you in any form. Serve your karmas by repaying good karmas to others.

It's never too late to enlighten your soul with this reality. Live to please God. Live to accumulate the treasure of your good karmas.

*‘Live and Let Live. Don't spend your precious time in correcting others
and expecting them to lead their life as per your wish.*

*Correct yourself first, take steps to improve your life, lead a life of
purpose.*

Almighty will take care of everyone!

I had invested a huge amount which had all my savings and the person who was dealing with me, ran away with all my money and cheated on me like anything. I was very very depressed that I didn't know what to do next.

I got the Court's notice just 2-3 days after Diwali, in my entire life I have never faced such a challenging situation. I went to the Bangla Sahib Gurudwara and was doing Ardaas to Waheguru that *'Please do something so that we die today anyhow'* and I was constantly thinking in my mind that me and my son will commit suicide.

I was so badly cheated that I didn't had the courage to tell my relatives neither I told my husband. Since it was all my savings so I got relieved from telling them. Suddenly one uncle came up to me in the Bangla Sahib Gurudwara (he was known to me) and asked me why was I crying. I didn't answer him but kept on crying.

He told me *'Aunty, please come with me I will take you to Bade Mandir to Guruji'* and I reluctantly told him that I will not go as I follow some other Guru. At the back of my mind I was thinking how can I leave my Guru and go to Bade Mandir.

Uncle replied to me, *'Aunty, no problem, you come with me to the Mandir'*. I said *'Ok Uncle but I will only say Waheguru to Guruji as I follow some other Waheguru'* to which he said *'You can call Him Waheguru, He is your Waheguru only'*.

He took me and my son on my Activa Scooty and took us to Bade Mandir. The moment I entered the Mandir and I saw Guruji I started crying and crying again and the Uncle told me *'You can cry to whatever extent you want because our Guruji will only solve your problem'*.

I sat in the Mandir for sometime and then we proceeded for Langar Parshad and with Guruji's miracle that day the Langar Parshad was served twice to everyone. Uncle was generally discussing with me that this is happening for the first time that Langar Parshad is getting served twice, Guruji only knows that He is blessing whom.

We had Langar Parshad and came back home and the thought of committing suicide completely vanished from my mind after coming home. I started my general routine from the next day like going to office, doing household work, etc., but nowhere in my mind there was a thought of committing suicide.

After few days, the Uncle called me and said '*Aunty you don't want to go to Bade Mandir*' and I said '*No, I don't want to go*'. One day he came to my house and said '*We have to go to Bade Mandir right now*' and he took us to the Mandir.

Again I started crying when I entered the Mandir. I was sitting and talking to Guruji and suddenly there was an announcement that Open Sewa will be starting from tomorrow in the Mandir and whoever wanted to do it can come and do the Sewa. Uncle told me that '*Sewa is there, will you come?*' I said '*Yes, I will come and do the Sewa*'.

My Sewa for Guruji continued and He only knows when He made me a Sewadar in the Langar Hall in Bade Mandir. Shukrana Gurudev!

Guruji has solved my problems to a great extent and Guruji is still working on my situation and with my firm belief I know

it will be resolved when the time will be right according to Guruji.

My life came back on track and life was very much manageable with lesser problems. There is absolutely no distance between you and Guruji. Keep yourself selflessly surrendered to Guruji and you will find '*Guruji is as close to you as you are to yourself*'. Accept His Plans without doubts and live a happy and carefree life.

Guruji gives us more than we can ask, answers more than we ask, and blesses us more than we expect, but in His own way and at His own time, keep faith!

Jai Jai Guruji, Shukrana Guruji

‘How we celebrated Holi with Guruji’

Jai Guruji,

This is my first Satsang that I am sharing with the sangat. I got associated with our Beloved Guruji in August 2019.

I am sharing my Holi Satsang of 2020 with you all.

As everybody knows that nothing can happen without Guruji's Raza and Hukumnama. I did Guruji's first Satsang at my home on 9th February 2020 and again thought of doing it for Holi with Guruji on 8th March 2020 just two days before Holi. But I did not inform my family beforehand as my family is not very spiritual and was not very close to Guruji.

As the date was coming nearer, I was getting tensed to share the thought of doing Satsang again in March as my kids' final exams were also there.

I was discussing my thought of doing Satsang with my sister over the phone and my wife overheard it. After that she said '*You are planning to do Satsang without telling me*', she got annoyed and started yelling and said that kids are having exams that very same week and asked me to do it after 15th.

We had an argument over this topic and I said '*Satsang is going to happen and you make her (my daughter) study beforehand*'.

I prayed to Guruji that you handle the situation. At midnight she calmed down and told me '*I am Ok with it and will do all the decorations myself and we will call only closed ones that was 60 to 90 Sangat*'.

As time was coming nearer, we both went to Chandni Chowk to purchase Guruji's chola and other decoration items including Holi Colours and Blessings for Sangat.

We ordered Chola for Guruji and bought decoration items except Holi Colours and Blessings which we decided to buy them some other day as we were running short of time that day.

On the way back my mother called my wife and told my Mamaji had expired in Haryana, and listening to this I got tensed again as both were important.

Again I prayed to Guruji that '*I want to play Holi with you*'. We were waiting for the final date of Mamaji's rituals and it was declared as 8th March, this date was clashing with Guruji's Satsang date.

Again I got so much tensed how it will happen as family members will not be there, I prayed to Guruji that Satsang has to happen and now you decide the date.

I got a thought of calling Pallavi Aunty to take her suggestion for the same and asked her that '*Can we do it on Monday that was on 9th March*', she replied saying '*No one does it on Monday as Bade Mandir is open on Monday from 8 am to 8 pm and it is advised from Bade Mandir not to do it on Sangat Days*'. She added '*Since you have no option do it on 9th March*'.

Now final date and time was decided on 9th March at 12.00 noon. Everything was decided and now new problem of Covid-19 virus came up and was fast spreading in India. The situation was getting tensed and we decided to call limited Sangat those who are closed ones.

On 5th March, Bade Mandir was closed for Darshan and my kids' school and exams got cancelled due to Covid-19. My wife again said '*Varun don't do Satsang due to the threat of virus spreading fast*'. But I told her with patience that this Satsang is going to happen as we have Guruji's blessings nothing will happen.

We arranged Langar Parshad for 70 Sangat as we decided to call limited Sangat.

Finally the day arrived and my wife and sister started decoration and setting up Guruji's Darbar. I was happy to see the decorations and Sangat started coming and I was amazed to see that there were 150 Sangat whereas the Langar Parshad was arranged only for 70 Sangat.

I got tensed that how will it be managed but it was all Guruji's plan to bless by sending so many Sangat. We managed with that Langar Parshad only which was made for 70 Sangat and which got served to 150 Sangat.

Nothing was short by the Grace of Guruji. We had played beautiful and colourful Holi with flowers and colours with Guruji and Sangat as I dreamt.

And that's not all, after all the celebrations, when everyone left, the entire house was full of flowers and gulaal, all messed up and we didn't had a single help in the house, so my wife started cleaning up and was cursing me for getting the colours and doing the satsang without any maid in the house. And at that very moment by Guruji 's Grace somebody rang the doorbell and it was the much awaited " Maid " who was supposed to come over and in our house there is this spell of maids not staying for long, but again by Guruji's Grace this one stayed up till now and is really nice.

Jai Guruji, Shukrana Guruji.

*Rabb di raza ch raazi sab ne,
Oh chahe te sab tetho door,
Je oh chahe te sab tere sang ne,
Rabb di raza de eh vakhre rang ne*

Shukrana Guruji for this beautiful Holi Satsang.

Love you Guruji
Anantam Shukrana Guruji.

**Om Namah Shivay Shivji Sada Sahay
Om Namah Shivay Guruji Sada Sahay**

‘Shukrana Mere Badshah for Saving Me’

Jai Guruji.

Many years back often I used to bump into people who used to insist me to go to Guruji. That time I never believed in the concept of Gurus. I used to see many cars those days with Guruji written and I used to get very inquisitive ‘*Ye kya hai*’. When any of my colleagues discussed I mocked at them. But secretly I used to admire Guruji's Bade Mandir photos, His chair photos on the Internet. I used to see and read a lot of Om Namah Shivaay Shivji Sadah Sahay on Instagram and Facebook.

One day, a lucky day naseeb khule and I was able to visit Bade Mandir. Those days I was not in a very happy place in life so I went in a very angry mood. I had a list in my hand that I told Guruji when I reached His chair and did not bow my head. I said to Guruji that ‘*If I get everything I want I will believe you are God and I will come back again to bow my head but right now am going*’. Guruji with His love never lets His devotees leave without the divine Chai Parshad and Langar Parshad.

I think today that if you have once met Guruji He comes along with you to your home and life but our karmic deadlocks take time for our hearts to fully realise this. After a month from my visit to Bade Mandir everything that I wanted I got and my life changed 360 degrees.

So Sangatji Guruji used to say ‘*Manngo nai manno mang to lia, pa bhi lia ab bhuktega kaun? Tabhi mere Badshah sath dete hain*. I call

Him 'Badshah' or 'Daadu'.

After a few months my marriage got fixed. I took Guruji's Swaroop to my matrimonial house. Just before I was getting married I saw Guruji in my dream in the Bade Mandir Langar Hall with red colour carpets my alongside was my Fiance as if Guruji was warning or educating me.

As I was not so close in my belief for Guruji so I didn't think of it much. After my marriage I started facing some problems that were devastating. I was married to a family of famous lawyers.

Kebte hain jab apki life ka worst time ata hai to apko Guruji milte hain. This was that time of my life. And like I said I never had been so much of a follower that time but Guruji was still worried about me. I ask Him this always.

Ye pehle Guru hain aur Bhagwan hain jisse hum kya karenge vo he humse itna pyar karte hain. As things were terrible as I was being trapped, I prayed to Lord Krishna to save my dignity and respect and guard it as He did for Draupadi.

And Sangatji you will not believe what happened after that. Because I was not so deeply into Guruji He became Krishna only. That day I saw Guruji in my dream. What I saw was there were 2 Gurujis walking across each other right outside my room's door with full force as if they are my bodyguards.

The 2 Gurujis' powerful darshan I can never forget. *Teekha teekha nose, U shape ka tilak on forehead like Krishna and Vishnu Ji, red red cheeks, aur peeche saar pe ek bodi but bald, clear Guruji gore gore touchwood and a very young and slim Guruji* and He was in peach

colour cotton chola as if of pandits from a Krishna temple and continued to guard me.

The two Gurujis kept crossing each other and walked with so much of force that was immense. His Lotus Feet that was so clean and so beautiful didn't touch the floor even once. Guruji's chola was so well ironed. And on face there was so much of force and speed and protection for me and so much concern and so much clarity as if He knows all and that so He does. Full protection for me, I can never forget. Even today when I enter that space of (Guruji's house) the house, I feel His presence.

'O Guruji, O Guruji mine, You are truly divine, you look so fine, O Guruji, O Guruji mine, You are truly divine.. Am so yours and you are so mine!! O Guruji, O Guruji mine, You are truly divine'.

I was astounded to see that presence of Guruji. Another dream I see Guruji with a lot of papers and very upset. So I wonder *'In sab dreams ka kya meaning hai?:* After that my husband's colours began to change and later I found out that he along with my in-laws have filed some cases against me that were quite ruthless and carried sheer intent. And not only that there were goons being deputed right in front of entrance gate and inside the gate. That very day I saw Guruji next to me and said *'Uth main tere nal haan. Ek Saal de mennu main chaddanga nai unnu. Tu Ik saal daudeen main naal daudanga. Ghabrayien na tuti ve na main tere naal haan'.*

Just before the final hearing exact one year from then when my lawyer told me on the phone that your next date court room and judge has been changed. My instant reaction was Jai

Guruji I felt as if Guruji has come.

Also I must say the court that was benched for the hearing was much cleaner shifted to the upper floor so now I knew for sure '*Mere Prabhu aagye hain. Rab agaye arshan to farshan te*'.

While I was driving to the Court, I kept feeling am going for a Satsang. Guruji in telepathy that time said that '*Don't stop playing shabads in the car*' and in between my lawyer kept calling me. My lawyer kept scolding and I kept telling him '*Why are you in a hurry? In every hearing, nothing happens aaj bhi nahi hona*'. As earlier for some or the other reason we used to get another date so I thought it would be the same that day also.

Sangatji, miraculously exact one year on the same day Guruji came to High Court on final hearing as the Judge, Guruji was the judge I saw Guruji as the Judge sitting there and ripped off the opposite party so gracefully.

I got all my justice and my dignity was saved and Guruji kept my head high. I always used to pray to Guruji that '*Like everyone else main kab apna satsang sunaungi sab kehte hai Guruji Aate hain so mere liye bhi Aao*'.

When I was inside the court while I waited for my turn Guruji said to me in telepathy '*Just don't react to his lawyers and recite - kar kirpa mehra de Saiyaan katt dukhan di aa zanzzeeran nu, Sannu pata badal tu sagda h sadde mathe di aa lakeeran nu*'.

Guruji looked at me in the court and smiled the Judge Guruji said '*Jai Guruji*' I said '*Jai Guruji*' and my lawyers were asking me what you are doing. The judge smiled again I said I know it's you Guruji. My lawyers had one word to say that '*Aaj ke*

judge kamal hain. He is so kind and so educated'. I said because He is Guruji to my lawyer. I could see the judge's hands were the same as Guruji's.

While the hearing was going on I used to turn my face away from the Judge Guruji Judge used to smile and when I used to look back at the Judge Guruji Judge used to become serious as if to show that it's not the Lord himself. As Guruji is very humble. I told Him Guruji I know it's you.

That day I had entry to the court also from gate no. 7. I was not allowed to enter from anywhere else. By chance my mother that day was visiting the Bade Mandir and my other family members were at home, I alone with Guruji and His blessed lawyers were in court as it was a sudden call I received from my lawyer. Guruji in my dreams and telepathys often has blessed my lawyer and praised him. My lawyer mentioned anyhow you have to reach and I reached in 15 min from Faridabad listening to shabads which is unusual, I was not even expecting anything that day.

Just before that a friend Sangat had seen in dream that as often I used to offer my prayers and go to Kali ma temple my friend Sangat sees in her dream that Kali ma embraces me with her true divine light and divinity blesses me, smiles and Guruji and Kali are in one roop exact like aadi Shakti roop, Shiv Parvathy Roop. And in that dream she said what I see is that you have won something.

Guruji earlier in one of her dreams also said that '*Innu keh fiker na kar main idda sab kaam kardena hai ae kyun pareshan bondi hai*' And before my friend's Sangat dream I saw in my dream that

that am going in a Shatabdi somewhere and that train takes a beautiful turn like a turn we take on a hill and suddenly the outside has turned into a blue and red coloured flowered and apple fruit garden and beautiful tracks and I reach a divine place that is where I see long queue going to meet the Lord. I see when we enter there is Guruji sitting on the floor so simple and next to Him is a table of a judge and that wooden thing that judges use to give orders is kept on the side and I see a Roshini white light mein nirakar roop mein sketch of a Lord figure. We all bow to Guruji and my mom goes and starts holding His hand and they are both delighted to meet each other. As if my mum is not only admiring the Almighty but also thanking Him and Sangatji Guruji blushes itne pyar se I can't even tell you and I ask the sewadaar uncle that where am I so a voice from the nirankar side comes saying '*yahan faisle hote hain*'. Sangatji Guruji used to say '*assi ya practical Han*' and when that dream of mine turned into reality meri khushi ka thikana nai hai us din se. When I visited Bade Mandir, I saw the same view in a painting in Bade Mandir Ladies washroom. When I shared my dream with Sangat I was told I have seen Jalandhar Mandar.

In the same dream after that while I was to go back taking the same train I lost myself so a sewadaar uncle says '*ap miss nahi karoge train yeh train life ki sabse best train hain Hum apko baithte hain ap beti hain akele kaise jayengi*' and the next thing am sitting in the train with everyone else and the train comes back on normal tracks after that. I have Goosebumps even while writing it today.

Even when I went to Bade Mandir with my case files and grief of deceit and prayers in my heart and prayers as to seek my Baadshah's blessings the sewadar uncle in front of Guruji's chair asked me '*Are kya hai ye sab, I said bas bless karado*', he said '*arre itna sara*' as the files were really heavy when I took them, I said '*bas aap bless karado*'. He walked upto Guruji chair got it blessed and came to me smiled and said '*kaam to hona he hai beti ho aap*'.

And when I went I was thinking kuch Guruji bulwaden as a blessing ya kuch deden to mujhe tassali hogi Guruji ne bless Kia. And so it happened. So Shukrana Lakh Lakh Mere Malik ka Hamari duniyavi chhezen to hoti hain but jo humien Guruji ke sath ki Khushi unka pyar milta hain that is unlimited and cannot be expressed in words.

Guruji is a fair God and never leaves your side. He loves you more than you do or more than you can even imagine. His affection is that of a mother. He feels you He understands you. He hears you. He is there sakshaat in every form in every breath we take. There are so many Satsangs even during the journey that we can be tired of writing but He is not tired of giving.

He is infinite and His Grace and blessings are too. In the form of blessings Hamare kasht bhi Guruji kaat dete hain, He heals you from everything and not only that but Guruji gives you more. His Grace and Krishna have given me the name Akyraa- that means A FOR ABHILASHA and KYRAA means Radha Krishna. It is His blessings that today I feel as if so devoted for Him at His disposal just like Meera. He is our

friend our back our God. No one can harm us and we shall truly surrender.

For Guruji all these are not very big things any of the worldly matters as He is *'the chaalak'* of srishti Himself but like I often asked Guruji why you made me through all this in life. But then my badshah says *'Tere 20 saal da dukh main 2 saal ich kat dita' aur wo bhi pyar se.* Guruji indicated that He hates “ghamand” and that the opposition was full of it when they attacked you.

One thing He has taught me during this journey that kuch aise niyam aur certain correct Deeds shall be maintained. So that we don't spoil our karma. Rest we should surrender to Him.

So Shukrana hain mere Baadshah ka vo baithe hain hamare sath.

Tears are rolling out from my eyes while I am writing this Satsang.

Guruji anant hain unki blessings ki seema nai hai I call Him magical Guruji.

Jai Jai Guruji
 Shukrana Guruji

‘What lies behind us & what lies before us are tiny matters compared to what lies within us’ -

Buddha

Since childhood, I have always been attracted to astrology, tarot reading and the like. We have been visiting many astrologers, wearing stones, doing puja. Astrology has always fascinated me. The curiosity to know about the past and the future has always enthused me. My intense liking in tarot reading, zodiac signs made me a tarot reader and soon I was deeply engrossed into tarot reading, angelic healing, crystal healing. I was helping others as well as myself though not on a commercial scale and I wanted to pursue it further on a large scale. Though alongside I have already met Guruji and was seeking His blessings. When Guruji holds our hand, the journey called 'Life' becomes easy so much so that we no longer are in need of a philosopher, guide, astrologer or a counselor.

Guruji is the ultimate God, the whole Universe lies within Him. He is the Creator of the Universe. We are indeed lucky to have Him in our lives as He is the most powerful Guru of any time. He has all our accounts of past, present and future. When we meet our Guru we become content not only in our soul but in life.

Something terrible happened to me which is why I became close to tarot reading but I got an indication from Guruji that I should leave it because now Guruji is there but with passage

of time I have been doing it on and off but a close friend of mine had a dream where Guruji is sitting and next to Him tarot cards are kept since I usually keep my cards in the mandir and he pushed them in anger, not liking them. When my friend told me this I understood that Guruji is indicating not to continue it further. Hence I got into tarot reading and quit it shortly thereafter as Guruji didn't want me to continue it further. It was because for the best of my interests. Jo humien dheere dheere Guruji ke sath waqt samjhata hain. When we hold the hand of Almighty we must surrender and bow completely. He used to tell me often through telepathy that '*kyun takleef deti hai khud ko apna past kyun dekhna hai*'.

One day, I was driving and I felt like turning my car towards Guruji's S-block G.K. Mandir though I knew it would not be open for darshan but when I reached, to my surprise, it was open. The peer was such I could feel as if am in heaven parmarth and I felt like dancing I was almost shivering like while sitting there as it was hard for me to believe that I shall be blessed upon the doors opened like we were standing and as we embraced the entrance door of the Mandir, the guard bhaiya said '*ruko main puchkar ata hu*' and they allowed me and my mother to enter. When they opened the heavenly doors it was such that they opened both the doors and said "aayie" and my feet became unstoppable. I parked my car on the wrong side and just ran as if like an infant seeks his mother to run to or a grandchild to his grandparents. The love felt was such as if Guruji was right there. As far as I remember He was in Black chola and I could so see Him and feel Him as I went too

close to His chair. Sangatji the power is immense -immense there it's a lot. And its beautiful. Two aunties there asked me to come inside and I had chai parshad. I felt amazing power there. While having chai parshad they told me that if I believe in Guruji then why I am wearing stones on my finger(s) and I immediately threw them and never wore it again. I used to be paranoid that something wrong would happen to me if I remove those stones but when I took them off I felt relaxed and my life got even better. Guruji guides us at every step of our lives. I used to go to astrologers and ask questions about my past, present and future but that has also stopped and one of my friends had a dream where Guruji indicated that I should not visit astrologers.

I used to consult an international tarot guide I used to talk to on email on daily basis. One fine day she wrote to me saying that *'Abhilasha - there is a handsome looking gentleman He is bald, fair looking with some strong aura standing beside you (her word was beside). Who is He? Do you know Him? I would like to meet Him as He appears Godly to me. You don't ask me my dear you should ask Him and in fact make me also meet Him'*. After hearing this I was in the seventh sky and there was really no looking back. I also felt very happy and blessed. Today I also feel it was also Guruji's message as He watches over us all the time. It felt magical to me it still does. It is unforgettable. She was indicating Guruji's presence and His blessings. Since then, there is no looking back.

I realised that nobody can do much for you except Guruji. People can guide you, can help you but to a limit, it is your Satguru, Guruji who is the ultimate God, who can hold your hand and take you to places. Guruji is not only God Guruji Bhagwano ke Bhagwan hain and He only He can rewrite your destiny. Rest are stepping stones I'd rather say. His blessings are everything and that we shall only seek. I feel lucky rather blessed to have Guruji in my life and that Guruji has taken me in His sharan.

Jai Jai Guruji
Shukrana Guruji
I love you Guruji

'Guruji ki Leela, Guruji hi Jaane'

Jai Guruji Sangatji

Today I am sharing my recent satsang which happened during Lockdown.

In the month of May I was telling my daughter to make a list of grocery items that we have to order. Meanwhile I received a call from a guy who said he was calling from Amazon. He said we are standing downstairs please collect your order. I told him I have not ordered any thing. He said your address, phone number & name is mentioned in our list. I again said its not ours, he left the packet & said the payment is done from your number also. At that time we were shocked that how can this order be placed from my phone no. In that packet there was Atta, sugar, tea, oil and salt.

I sat in front of Guruji's swaroop and told Guruji that you have given us everything & we have got everything from you then why has someone sent this. I started crying at that time. I called some Sewadaars also who usually do gupt sewa when we have satsang at home but everyone denied & said its Guruji's Parshad don't get upset. I could not sleep that night and kept thinking that why someone has sent me this.

Next day our domestic help called me & said Didi can I come today to collect my salary as we don't have anything to eat.

At that time I looked at Guruji's swaroop & understood that why all this happened. When she came, with Guruji's hukum I gave her those items and made Parshad from that also during satsang at our home.

After few days, I shared my satsang with Sangeeta Aunty. After listening to this satsang, she shared that they were also distributing 5 items to needy people. After listening to her, I got amazed that how Guruji confirmed to them as well that they are doing great work. Whatever happened with us is Guruji's Grace. Guruji gives acknowledgement through souls who are connected deeply.

Shukrana Guruji for making us part of this sewa through an unknown source so that we could help those in need. Thank you for always guiding us.

'Guruji Saved My Husband's Life'

Jai Guruji!

My husband had a Severe Heart Attack on the night of 24th December 2016. On that night I was sleeping he woke me up and told me that he is having pain in his chest.

At that time we immediately went to the hospital and before leaving for the hospital he gave me his debit card and along with that Guruji's swaroop also came out from his purse. I carried both to the hospital. On reaching to the hospital he again had a severe 2nd attack and his heart was flat for 20 to 30 secs. On seeing this I requested Dr. to keep Guruji's swaroop under his pillow. Dr. said *'We have to give him injection immediately and it can have side effects & it can affect the kidneys and one side can be paralysed'*. I signed the papers as I have full faith on Guruji.

After giving the injection Dr. told me that he is not out of danger yet and we will have to keep him in ICCU for 72hrs. I was so afraid that time and kept chanting JAI GURUJI and JAAP MANTRA.

Before Angiography, when my husband was in ICCU he felt vibrations on the part where angiography was to be done. When he was shifted after angiography in the room, he again felt the same vibrations from thighs to heart on that particular night before angioplasty. When I met him next morning before angioplasty, he told me that I felt someone touching me from

my thighs to heart (*aisa lag raba tha ki koi mujhe sebha raba ho*) and when I woke up I saw no one was there. He said that maybe it was Guruji.

After he went for angioplasty, I shared what he told me with my family and my brother was also listening who was with him in the room last night. He shared that he also felt that someone was in the room and touched his forehead but didn't share it with anyone as he thought everyone will feel that he is fooling them. On listening to him I was sure that it was no one other than our GURUJI.

Now I realized that right from the beginning from my house to the hospital, Guruji was with us during the whole procedure.

THANK YOU GURUJI FOR SAVING MY HUSBAND'S LIFE.

BLESSINGS ALWAYS GURUJI.

LOVE YOU GURUJI

If you never had compassion for others, how can you understand the teachings of the Great Spiritual beings,

If you have never felt any love for your Guru, how will you understand the concept of life and its purpose, His Pure love for you.

A blind cannot see the beauty of God's nature but can hear the beautiful sounds of nature.

A deaf cannot hear the beautiful sounds of nature but can see the beauty all around.

A mute cannot express but can only jump in joy, seeing and listening.

Always be thankful to Gurudev for all that you have. Never complain to Gurudev over that which you don't have.

Everything will be fine in due course of time. Just so little bit of patience and you shall see His Blessings in the times to come.

Love Guruji and Respect all His sangat .Then you shall feel His Grace flowing.

And as said by Guruji Maharaj :

‘Main sabdi ardaas sundaa haan, karda oh haan jo sangat layi changa bunda hai. Kyonki mainu pata hai twaade layi ki theek hai...main twanu o kadi nabin dawanga jisde kaaran twanu dukh mile... Kalyan Kitta’ Jai Guruji.

Myself, Dr. Prakhar Dagar born & brought up in a family of doctors.

Like everyone knows we doctors have a very intellectual thinking but when Guruji wants to connect us with Him everything fails.

One day, my mother woke up in the morning with severe pain in her arms just below the underarms and the pain was so much severe that she couldn't tolerate. And like the doctors do I gave her mild pain killer the pain was still there, then the next day we gave her another pain killer the pain was still there. After 2-3 days, we gave her strong painkiller still there was no relief.

We decided to get it checked from doctor, there were tests conducted on my mother (CT scan, MRI, X-Ray etc). There was also one test which is very painful that was needle test where they takeout the liquid sample from your body. All the reports came, there was nothing except a small node on the arm nothing else.

Doctors were also very surprised that nothing is coming in the report but the pain was increasing day by day & one day it was so severe that mom started crying.

We were at the doctor's clinic in Tilak Nagar & I told my mom please surrender yourself to Guruji & you have to manage your pain for the next two hours we are going for Guruji Satsang. Though in my entire family, I am only follower of Guruji and as it was planned by Guruji we went for the Satsang & after Satsang, both of us had Chai Prashad & Langar Parshad. After taking Agya from Guruji we came back home and mom slept. Next morning when she woke up the pain was not there which was so drastically increasing day by day.

The Chai and Langar Parshad (blessed food) served at Guruji's Satsang or Bade Mandir has His special divine blessings. The devotees experienced His grace in various forms: incurable diseases were healed and the entire matrix of problems ranging from legal to financial to emotional were solved.

That was not all, during the Pandemic Lockdown the pain was again gradually starting & I prayed to Guruji, that Guruji please call to Bade Mandir along with mom & do some miracles so that my mother doesn't have to face the pain again. In a time

span of 2-3 minutes, one Uncle called me to check on my mom's health & also told me that I am going to Bade Mandir, will you come along.

We went to Bade Mandir, after our Darshan from outside we got Chair Parshad, we had Parshad in the car & my mother could actually feel that the pain is going away while she was having Chai Parshad.

Being a doctor, I was myself surprised that we as doctors could not find what went wrong in my mom's body because of which it was paining so much. Guruji has so much planned everything for our lives that we just have to surrender ourselves to Him and the blessings will be in abundance.

'Guruji makes me Singer'

Our life is like a kaleidoscope running different phases of our lives. Every time you see through the Prism of life, you will find different patterns. These patterns represent your circumstances. The way you react to these patterns are controlled by you.

Birth, death and destiny are not in your control but your attitude can be controlled by your free will. Positive attitude always yields the Grace of your Guru. Negative attitude towards life and circumstances shall always take you backwards. You run the risk of falling down and hurting yourself.

Satsangs change your negative attitude to a more positive approach towards life. Satsangs change your perspective towards life. Satsangs are expressing your gratitude to your

Guru, as well learning different ways to live a happy life.

The day I got connected to Guruji, I always wanted to sing for Guruji. Though by profession I am a doctor but somehow at the back of my mind I was praying to Guruji.

During my Darshan to Bade Mandir, I requested Guruji to bless me so that I can sing for Him in Satsangs parallelly without any problems in my professional life.

I still remember that day, when I prayed to Guruji.

And in the same month, Guruji blessed me with singing of shabad and bhajans for our Pyare Guruji.

With time passing by, there was no looking back as Guruji is managing my time so nicely that my professional work life is also balanced and with Guruji's Grace, with so much hectic schedule in the hospital, I have started doing 25-30 Satsangs in a month.

Big changes can be made in small steps. If you want the change to last, then you need more than a "just do it" mentality. It needs to be slowly cultivated till it becomes part of you. Then pray hard & ask the Almighty to guide you. If anyone can help, it's the One who made you!

During my Live Satsang, Guruji has given immense blessings by showing His presence that too when we haven't kept Guruji's swaroop so many times to me and Sangat watching it.

My life has become a Satsang to share I believe, I had recorded my 1st very own original track for Guruji today & while writing this Satsang just now received the audio file.

And I couldn't stop crying out of Gratitude ♥♥♥, He has really blessed me in His own ways. Jai Jai Guruji.

Thank you Guruji for all your blessings to me and my family. For the strength you give me each day and for all the people around me who make life more meaningful.

Jai Guruji

Shukrana Guruji

Gratitude always

Love you Guruji

Stop sweating the small stuff. Always remember how short this life is. All it takes is a split second for things to change. Learn to be grateful. Focus on His blessings no matter how small it is. The happiest people don't have everything but they make the most of what they have.

I humbly bow at your Lotus Feet now and forever and thank you for everything.

'Each day is a gift from God. What you do with it is your gift to Him.'

Thank you for always guiding me in the right direction and for knowing what is best for me more than I do.

Thank you for the many times you have forgiven me whenever I deviated from your path.

Thank you for always guiding me in the right direction and for knowing what is best for me more than I do.

Thank you for always reminding me that sometimes you are the only one I can trust, you are the only one I can talk to and you are the only one who is truly listening.

Thank you for the love you have shown me through the Guru Sangat Family.

Thank you for health, for shelter, and for food.

Thank you for not hating me when I was ungrateful or rude or when my faith was shaken.

Thank you for the times you have inspired me to seek knowledge and know more about the world and about myself.

Thank you for giving me the spirituality I need to contemplate the wonders of the world and the wonders of your creation and the magic of your words and your daily miracles.

Thank you for the thousands of chances you have given me.

Thank you for all the lessons, especially the hard ones.
